About the College

Sumathi Reddy Institute of Technology for Women (SRITW) was established in 2009 by the great educationist Sri A. Varada Reddy garu with a clear vision to empower women in the field of science and technology and transform them as innovators, leaders and entrepreneurs.

SRITW is the only women's engineering college that has established the NewGen Innovation Entrepreneurship Development Centre(NewGenIEDC), approved by the NSTEDB, DST, Government of India.

Context

While good public speaking skills can open doors, poor ones can close them. The good news is that speaking in public is a learnable skill!

Becoming an effective presenter and public speaker is about understanding your audience, preparing your content, delivering confidently, and controlling the environment. Using tried and tested principles on the effective use of ice breakers, visuals, story-telling, body language, and voice modulation, the module facilitates participants to become more confident and able communicators.

Objectives:

- Learn strategies to become a better public speaker.
- Know what goes into the presentation checklist.
- Explore the impact of body language and voice modulation whilst presenting.
- Learn how to use visuals in presentations.

Outcomes of the program:

- Improved ability to convey ideas clearly and persuasively, enhancing overall communication skills.
- Increased self-confidence and self-esteem when addressing groups, leading to better self-assuredness in various life situations.
- Enhanced public speaking skills can boost career opportunities and advancement, as effective communication is highly valued in the workplace.

Report of the Event

Session on “PUBLIC SPEAKING SKILLS”

One day career guidance program has been conducted at SRITW, Warangal in association with Telangana Academy for Skill and Knowledge (TASK) by Ms. Aparna on “PUBLIC SPEAKING” Skills.

A public speaking training is designed to enhance individual's communication skills when addressing a group. Through a structured curriculum, participants learn techniques for effective speech delivery, overcoming stage fright, and structuring coherent presentations. These courses typically cover voice modulation, body language, and audience engagement strategies. Participants practice impromptu speaking, informative speeches, and persuasive presentations to build confidence and proficiency.

Constructive feedback from instructors and peers helps refine their skills. Public speaking courses cater to various skill levels, from beginners to advanced speakers, and are valuable for personal, academic, and professional growth. Overall, these courses empower individuals to convey ideas articulately, engage audiences, and leave a lasting impact through their spoken words.

Session on “**BUILDING CONVERSATIONS**”

One day career guidance program has been conducted at SRITW, Warangal in association with Telangana Academy for Skill and Knowledge (TASK) by Mr. Harish on “BUILDING CONVERSATION”.

Building conversation training is a comprehensive program aimed at enhancing students’ communication skills and fostering effective interpersonal interactions. This training equips individuals with a range of techniques to initiate, navigate, and conclude engaging conversations. Students learn essential skills such as active listening, asking open-ended questions, and responding thoughtfully to create meaningful dialogues.

Through interactive role-playing, group discussions, and real-life scenarios, students develop the ability to adapt their communication style to different contexts, audiences, and cultural backgrounds. The training also emphasizes the importance of nonverbal communication and body language in conveying messages effectively. Students expressing ideas clearly, and addressing potential communication barrier.

REPORT OF THE PROGRAM

Session on “**TIME MANAGEMENT**”

One day career guidance program has been conducted at SRITW, Warangal in association with Telangana Academy for Skill and Knowledge (TASK) by Mr. Ram Manoj on “TIME MANAGEMENT”.

The Time Management Program for Students is a comprehensive initiative designed to equip students with essential skills for effectively organizing and utilizing their time. Through a combination of workshops, practical exercises, and personalized strategies, students learn how to prioritize tasks, set goals, and optimize their daily schedules.

The program covers topics such as goal setting, task prioritization, creating effective to-do lists, managing distractions, and overcoming procrastination. Participants also explore techniques for efficient study habits, balancing academics, extracurricular activities, and personal time.

Outcomes of the program:

- Time management techniques help individuals accomplish tasks more efficiently, resulting in increased productivity and output.
- By prioritizing tasks and managing workloads effectively, individuals can reduce stress and avoid last-minute rushes.
- Time management encourages better concentration on important tasks, leading to higher-quality work.
- Time management allows for more thoughtful and informed decision-making as individuals allocate time for analysis and reflection.

About the College

Sumathi Reddy Institute of Technology for Women (SRITW) was established in 2009 by the great educationist Sri A. Varada Reddy Garu with a clear vision to empower women in the field of science and technology and transform them as innovators, leaders, and entrepreneurs.

SRITW is the only women's engineering college that has established the NewGen Innovation Entrepreneurship Development Centre (NewGenIEDC), approved by

the NSTEDB, DST, Government of India.

Program Objectives:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them in identifying their career objectives.
- To help students share knowledge about themselves by identifying skills, and interests.

Program Benefits:

- Improved ability to build rapport and relationships with colleagues, clients, and supervisors.
- Increased confidence in presenting ideas and engaging in discussions.
- Effective written communication skills for reports, emails, and documentation.
- Awareness of cultural and contextual differences in communication

Registration:

- No registration fees.

REPORT OF THE PROGRAM

Session on “CONTEXTUAL COMMUNICATION”

A one-day career guidance program has been conducted at SRITW, Warangal, in association with Telangana Academy for Skill and Knowledge (TASK) by Mr. Vijay Reddy Pogu, Syntel, Bangalore, on “**Contextual Communication**”.

Contextual communication refers to the practice of conveying information while taking into account the surrounding circumstances, background, and shared knowledge between the participants. It involves tailoring one's communication style and content to ensure clarity and relevance. Contextual communication aims to minimize misunderstandings and enhance effective interaction by considering the larger picture.

REPORT OF THE PROGRAM

Session on “LISTENING SKILLS”

A one-day career guidance program has been conducted at SRITW, Warangal, in association with Telangana Academy for Skill and Knowledge (TASK) by Mr. Rajesh Jannu, on “**Listening Skills**”.

Listening skills training is a comprehensive program focused on enhancing students’ ability to actively and effectively listen. Through a variety of techniques, exercises, and interactive sessions, students learn to attune themselves to both verbal and nonverbal cues, understand speaker intentions, and respond thoughtfully. The training covers different listening levels, from empathetic and supportive listening to critical and analytical listening, equipping students with versatile skills for diverse contexts.

Students practice paraphrasing, summarizing, and asking clarifying questions to ensure accurate comprehension. Additionally, the training emphasizes the importance of maintaining eye contact, body language awareness, and minimizing distractions for optimal listening. Students also learn to manage biases and assumptions that can hinder effective listening.

REPORT OF THE PROGRAM

Session on “CLARITY AND CONCISION”

A one-day career guidance program has been conducted at SRITW Warangal, in association with Telangana Academy for Skill and Knowledge (TASK) by Mr. Enoch on “CLARITY AND CONCISION”.

The Clarity and Concision training is designed to refine their communication skills by focusing on delivering clear and concise messages. Through interactive workshops, exercises, and practical examples, students learn to express ideas succinctly while maintaining clarity and impact. This training hones their ability to structure information logically, omit unnecessary details, and use straightforward language.

Objectives of the program:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them identify their career objectives.
- To help students share knowledge about themselves by identifying skills and interests.
- To provide students with career guidance and impart training in communication skills, improve their employment opportunities, and arrange on-campus and off-campus placement drives.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities, and also to create awareness of the jobs for which the students are eligible.

REPORT OF THE PROGRAM

Session on “MIND MAPPING”

A one-day career guidance program has been conducted at SRITW Warangal, in association with Telangana Academy for Skill and Knowledge (TASK) by Mr. Daniel on “Mind Mapping”.

The Mind Mapping Techniques Training for Students is a comprehensive program designed to enhance students' creative thinking, organization, and learning abilities. Through interactive workshops, practical exercises, and hands-on sessions, students learn how to create mind maps—an effective visual tool that organizes ideas and information in a structured and interconnected manner.

The training covers the principles of mind mapping, including central themes, branches, keywords, and color coding. Participants practice using mind maps for note-taking, brainstorming, project planning, and problem-solving. The program emphasizes the role of visual learning in memory retention and information recall.

REPORT OF THE PROGRAM

Session on “PRESENTATION SKILLS”

A one-day career guidance program has been conducted at SRITW Warangal, in association with Telangana Academy for Skill and Knowledge (TASK) by Mr. Rama krishna on “Presentation Skills”.

The presentation Skills Training for Students is a comprehensive program aimed at developing students' abilities to effectively communicate ideas and information in front of an audience. Through interactive workshops, practical exercises, and simulated presentations, students learn key techniques for structuring content, delivering confidently, and engaging their audience.

The training covers aspects such as speech preparation, body language, vocal modulation, visual aids, and handling Q&A sessions. Participants practice delivering presentations on various topics and receiving constructive feedback to enhance their skills. The program also focuses on managing nervousness and building self-assurance while presenting.

Session on “EMOTIONAL INTELLIGENCE”

A one-day career guidance program focused on emotional intelligence can be highly beneficial for individuals looking to enhance their professional skills and personal development. Emotional intelligence (EI) plays a crucial role in workplace success, as it involves understanding and managing emotions, both your own and those of others.

Program Goals:

Increase participants' understanding of emotional intelligence and its relevance in the workplace. Equip participants with practical tools and techniques for improving their EI. Help participants develop an action plan for applying EI skills in their careers. Foster a supportive learning environment where participants can network and collaborate.

.NET full-stack training for students equips them with comprehensive skills in web development using Microsoft .NET framework. This training covers both front-end and back-end development, providing a well-rounded understanding of modern web technologies. Students learn HTML, CSS, and JavaScript to create responsive and interactive user interfaces. Training includes server-side scripting, database management, and server deployment using technologies like ASP.NET and C#. Students gain expertise in database design and management, often using Microsoft SQL Server or other database systems. Training covers building RESTful APIs for communication between front-end and back-end components.

Objectives of the program:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them in identifying their career objectives.
- To help students share knowledge about themselves by identifying skills, and interests.
- To provide students with career guidance and impart training in communication skills, improve their employment opportunities, and arrange on-campus and off-campus placement drives.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also create awareness of the jobs for which the students are eligible.

About the College

Sumathi Reddy Institute of Technology for Women (SRITW) was established in 2009 by the great educationist Sri A. Varada Reddy Garu with a clear vision to empower women in the field of science and technology and transform them into innovators, leaders, and entrepreneurs.

SRITW is the only women's engineering college that has established the NewGen Innovation

Entrepreneurship Development Centre (NewGenIEDC), approved by the NSTEDB, DST, and Government of India.

Program Objectives:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them identify their career objectives.
- To help students share knowledge about themselves by identifying skills, and interests.

Program outcomes:

Students become proficient in popular design tools like Adobe Photoshop, Illustrator, and Sketch, essential for creating graphics and layouts.

Registration:

- No registration fee

REPORT OF THE PROGRAM

Session on “Web Designing”

Web designing for students involves learning the principles and techniques of creating visually appealing and user-friendly websites. This field combines creativity, coding, and user experience to craft effective online platforms. Students explore HTML for structuring content, CSS for styling, and JavaScript for interactivity. They also explore responsive design, ensuring websites adapt to various devices.

Throughout the program, participants should be given hands-on design exercises, projects, and opportunities to receive feedback. Encourage creativity and critical thinking in design decisions. Additionally, provide resources such as design templates, sample codes, and references for further reading to support participants in their learning journey.

Key components include layout design, color theory, typography, and graphic elements. Web design tools like Adobe XD, Figma, or Sketch are introduced. Students also study user-centered design, optimizing navigation, and accessibility considerations.

Through hands-on projects, students learn to design portfolios, landing pages, and interactive elements. They gain skills in wireframing, prototyping, and optimizing for speed and performance. As the digital landscape evolves, students with web design skills can pursue careers as UI/UX designers, front-end developers, or digital marketers, contributing to the online user experience.

Objectives of the program:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them identify their career objectives.
- To help students share knowledge about themselves by identifying skills, and interests.
- To provide students with career guidance, and impart training in communication skills, improve their employment opportunities, and arrange on-campus and off-campus placement drives.

- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also to create awareness of the jobs for which the students are eligible.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities, and also create awareness of the jobs for which the students are eligible.

Outcomes of the program:

- Students gain proficiency in designing visually appealing and functional websites, with a focus on user experience (UX) and user interface (UI) design.
- Training often includes HTML, CSS, and JavaScript, enabling students to create responsive and interactive web interfaces.
- Students become proficient in popular design tools like Adobe Photoshop, Illustrator, and Sketch, essential for creating graphics and layouts.
- Training may cover CMS platforms like WordPress, Drupal, or Joomla, allowing students to build and manage websites efficiently.
- Graduates can create websites that adapt seamlessly to various devices and screen sizes, ensuring a consistent user experience.
- Students learn design principles, color theory, typography, and layout techniques to create visually compelling websites.

About the College

Sumathi Reddy Institute of Technology for Women (SRITW) was established in 2009 by the great educationist Sri A. Varada Reddy Garu with a clear vision to empower women in the field of science and technology and transform them into innovators, leaders, and entrepreneurs.

SRITW is the only women's engineering college that has established the NewGen Innovation Entrepreneurship Development Centre (NewGenIEDC), approved by the NSTEDB, DST, and Government of India.

Objectives of the program:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them identify their career objectives.
- To help students share knowledge about themselves by identifying skills, and interests.

Outcomes of the program:

- Students gain in-depth knowledge of blockchain concepts, including decentralized ledger systems, consensus algorithms, and cryptographic techniques.
- Training often includes programming languages like Solidity (for Ethereum) or smart contract development, enabling students to create blockchain applications.

Registration:

- No registration fee.

REPORT OF THE PROGRAM

Session on Blockchain Technology

Blockchain technology is a decentralized digital ledger that records transactions across a network of computers. It consists of blocks containing grouped transactions, linked chronologically to form a secure and tamper-resistant chain. Decentralization eliminates the need for a central authority, while consensus mechanisms ensure agreement on data accuracy.

Public blockchains like Bitcoin are open to anyone, while private and consortium blockchains restrict access. Applications include cryptocurrencies, smart contracts, supply chain tracking, and secure identity verification. Challenges include scalability, energy consumption (in Proof of Work systems), regulatory issues, and interoperability. Despite challenges, blockchain offers transparency, security, and potential disruption across industries.

Objectives of the program:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them identify their career objectives.
- To help students share knowledge about themselves by identifying skills, and interests.
- To provide students with career guidance and impart training in communication skills, to improve their employment opportunities, and to arrange on-campus and off-campus placement drives.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also create awareness of the jobs for which the students are eligible.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also create awareness of the jobs for which the students are eligible.

Outcomes of the program:

- Students gain in-depth knowledge of blockchain concepts, including decentralized ledger systems, consensus algorithms, and cryptographic techniques.
- Training often includes programming languages like Solidity (for Ethereum) or smart contract development, enabling students to create blockchain applications.
- Students learn about cryptocurrencies like Bitcoin and how blockchain underpins their functionality.
- Training emphasizes the significance of decentralization in blockchain technology, promoting trust and transparency.
- Graduates are equipped with skills to assess and enhance the security of blockchain networks, addressing vulnerabilities and threats.
- Students can develop decentralized applications, harnessing blockchain's potential for a wide range of use cases.

About the College

Sumathi Reddy Institute of Technology for Women (SRITW) was established in 2009 by the great educationist Sri A. Varada Reddy Garu with a clear vision to empower women in the field of science and technology and transform them into innovators, leaders, and entrepreneurs.

SRITW is the only women's engineering college that has established the NewGen Innovation Entrepreneurship Development Centre (NewGenIEDC), approved by the NSTEDB, DST, and Government of India.

Program Objectives:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them in identifying their career objectives.
- To help students share knowledge about themselves by identifying skills, and interests.
- To provide students with career guidance and impart training in communication skills, to improve their employment opportunities, and to arrange on-campus and off-campus placement drives.

Program Outcomes:

- Python is a versatile language used in web development, data analysis, artificial intelligence, automation, and more, making it valuable in a wide range of fields.
- Python's simple and readable syntax makes it accessible for beginners, facilitating a smoother learning experience

REPORT OF THE PROGRAM

Session on “PYTHON ESSENTIALS”

Python essentials encompass the fundamental concepts and features required to grasp the language's core principles. These essentials include understanding Python's syntax, data types, and basic operations. Controlling program flow through conditional statements and loops is crucial. Data structures such as lists, dictionaries, and sets facilitate efficient data handling.

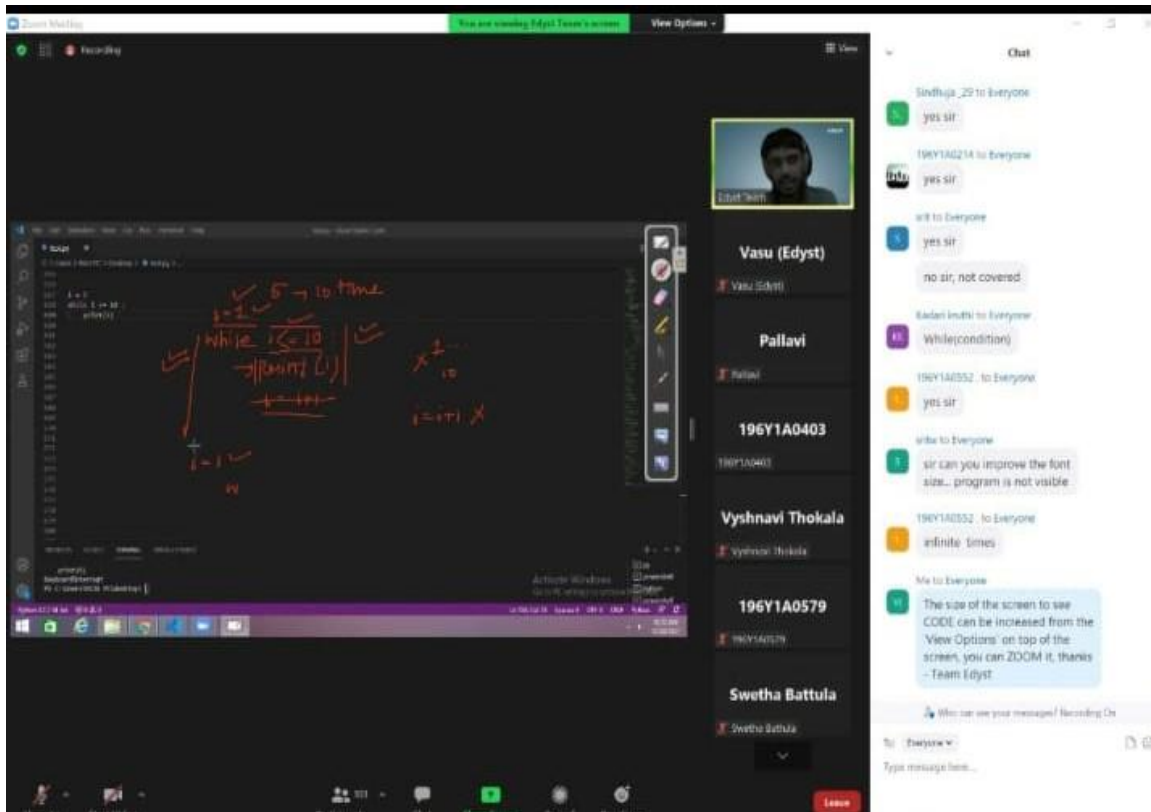

Functions encapsulate reusable code, while modules and libraries extend functionality. Exception handling ensures robust error management. Object-oriented programming introduces the concepts of classes and inheritance.

Additionally, list comprehensions and lambda functions streamline code. Python offers a rich set of built-in functions for common tasks. Decorators enable code customization, while date- time handling and regular expressions cater to specific needs. Debugging and testing practices ensure code reliability. Adhering to style guidelines like PEP 8 enhances code readability.

Lastly, organizing projects effectively and managing dependencies is vital for real-world development. These Python essentials form the foundation for diverse applications, from web development to data analysis, machine learning, and automation. Mastery of these concepts empowers developers to leverage Python's versatility and power.

Objectives of the program:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them in identifying their career objectives.
- To help students share knowledge about themselves by identifying skills, and interests.
- To provide students with career guidance and impart training in communication skills, to improve their employment opportunities, and to arrange on-campus and off-campus placement drives.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also create awareness of the jobs for which the students are eligible.

Outcomes of the program:

- Python is a versatile language used in web development, data analysis, artificial intelligence, automation, and more, making it valuable in a wide range of fields.
- Python's simple and readable syntax makes it accessible for beginners, facilitating a smoother learning experience.
- Python is a primary language for data analysis and manipulation, allowing users to work with data libraries like NumPy, pandas, and Matplotlib.
- Python is widely used in machine learning and artificial intelligence, with popular libraries like TensorFlow, Keras, and scikit-learn.
- Python frameworks like Django and Flask empower users to build web applications, websites, and APIs.
- Python is an excellent choice for automating repetitive tasks, enhancing productivity.

REPORT OF THE PROGRAM

Session on “Internet of Things”

Internet of Things (IoT):

IoT refers to the network of interconnected physical devices, objects, and sensors embedded with sensors, software, and connectivity, enabling them to collect, exchange, and act upon data. These devices range from everyday objects like appliances and wearables to industrial machines and smart infrastructure. IoT facilitates seamless communication between devices and central systems, enabling

data-driven insights and automation. Applications span various sectors, including healthcare, transportation, agriculture, and smart cities. Challenges include security and privacy concerns, data management, and interoperability. As IoT continues to expand, it promises to revolutionize industries by creating more efficient processes, improving decision-making, and enhancing user experiences through intelligent connectivity.

Objectives of the program:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them identify their career objectives.

- To help students share knowledge about themselves by identifying skills, and interests.
- To provide students with career guidance and impart training in communication skills, improve their employment opportunities, and arrange on-campus and off-campus placement drives.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also create awareness of the jobs for which the students are eligible.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also create awareness of the jobs for which the students are eligible.

Outcomes of the program:

- IoT devices collect vast amounts of data, enabling businesses to make data-driven decisions, optimize processes, and improve efficiency.
- IoT devices can monitor and manage equipment, reducing downtime and maintenance costs through predictive maintenance and remote monitoring.
- IoT-driven automation and optimization lead to cost savings in areas such as energy consumption, inventory management, and logistics.
- IoT enables businesses to personalize products and services, improving customer satisfaction and loyalty.
- IoT sensors and tracking devices enhance supply chain visibility, reducing delays and improving inventory management.
- IoT supports real-time monitoring of safety conditions, security breaches, and environmental factors, enhancing safety measures.
- IoT-driven automation in manufacturing and agriculture improves productivity and resource utilization.

A three-day career guidance program on **Robotic Process Automation (RPA) and Tableau** can provide participants with a solid foundation in two powerful tools used in data analytics and process automation.

Program Objectives:

- To create awareness among students regarding available career options and help them identify their career objectives.
- To help students share knowledge about themselves by identifying skills and interests.
- To provide students with career guidance, impart training in communication skills, improve their employment opportunities, and arrange on-campus and off-campus placement drives.

Program Outcomes:

- RPA automates repetitive, rule-based tasks, reducing manual workloads and increasing operational efficiency.
- RPA can extract, process, and input data from multiple sources into Tableau, enabling comprehensive data analysis and visualization.

About the College

Sumathi Reddy Institute of Technology for Women (SRITW) was established in 2009 by the great educationist Sri A. Varada Reddy Garu with a clear vision to empower women in the field of science and technology and transform them into innovators, leaders, and entrepreneurs.

SRITW is the only women's engineering college that has established the NewGen Innovation Entrepreneurship Development Centre (NewGenIEDC), approved by the NSTEDB, DST, Government of India.

REPORT OF THE PROGRAM

Session on “Tableau”

Tableau training for students is a valuable skill set that empowers them with data visualization and analytics capabilities. Tableau is a popular data visualization and business intelligence tool widely used in various industries. It offers hands-on experience in creating interactive and insightful data visualizations. It helps students transform raw data into meaningful charts, graphs, and dashboards. Students learn to connect to different data sources, including spreadsheets, databases, and cloud services. The training covers basic to advanced features, making students proficient in data exploration. Tableau provides a user-friendly interface, making it accessible to beginners.

Students can use Tableau Desktop to build and design visualizations. They also learn to share their work with Tableau Server or Tableau Online. Tableau training enhances data analysis skills, aiding in decision-making processes. It fosters critical thinking and problem-solving abilities as students interpret data. Students can leverage Tableau's drag-and-drop functionality for rapid visualization creation. It's applicable across academic disciplines, from business and economics to healthcare and the social sciences.

Robotic process Automation

Robotic process automation (RPA) is a form of business process automation technology based on metaphorical software robots (bots) or artificial intelligence (AI)/digital workers. It is sometimes referred to as software robotics (not to be confused with robot software).

RPA tools have strong technical similarities to graphical user interface testing tools. These tools also automate interactions with the GUI and often do so by repeating a set of demonstration actions performed by a user. RPA tools differ from such systems in that they allow data to be handled in and between applications, for instance, receiving an email containing an invoice, extracting the data, and then typing that into a bookkeeping system.

IMPORTANCE OF RPA:

Robotic process automation streamlines workflows, flexible and responsive. It also increases employee satisfaction, engagement, and productivity by removing mundane tasks from their workdays.

Objectives of the program:

- To guide and assist the students in achieving their career goals.
- To create awareness among students regarding available career options and help them identify their career objectives.
- To help students share knowledge about themselves by identifying skills and interests.
- To provide students with career guidance, impart training in communication skills, improve their employment opportunities, and arrange on-campus and off-campus placement drives.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also create awareness of the jobs for which the students are eligible.
- To provide a platform to assist the college in enhancing the potential of the courses and improving job opportunities and also create awareness of the jobs for which the students are eligible.

Outcomes of the program:

- RPA automates repetitive, rule-based tasks, reducing manual workloads and increasing operational efficiency.
- RPA can extract, process, and input data from multiple sources into Tableau, enabling comprehensive data analysis and visualization.
- RPA can provide Tableau with real-time data updates, ensuring that dashboards and reports are always up-to-date.
- RPA eliminates human errors in data entry, ensuring that Tableau visualizations are based on accurate and consistent data.
- By automating tasks, businesses can reduce labor costs, mitigate errors, and achieve a higher return on investment.
- RPA can generate custom reports and datasets for Tableau, allowing for tailored analytics and insights.

Your onboarding date will be intimated to you over a separate e-mail by Accenture onboarding team few weeks prior to your actual onboarding date. You will receive an email from Onboarding.doc.ase@accenture.com. You are expected to confirm to the same by responding to our email and share your acceptance to join us on the stipulated date.

Pre-Onboard Learning Module: As you are aware that as part of providing our new joiners a unique learning experience, Accenture proposes a learning module- Technology Fundamentals online Learning program (Hereinafter" program"). This program further enhances and further details the training opportunities and terms of training/assessments that were previously mentioned in your Letter of Intent. The training module for the program will be made available to you at least 45 days for your learning to give you a reasonable time to learn at your pace and comfort and prepare for the ensuring assessments.

Details of which are reiterated as under:

- Under the program, the learning modules hosted on a technology platform will prepare you to be code ready.
- You will need to go through the Technology Fundamentals assessment bases on the Pre-Onboard online learning program that was provided to you.
- On successful clearance of the program assessment in the first attempt along with the completion of Pre-Onboard Learning program content, within 45 days from the receipt of the training link you will be eligible for a learning Incentive of INR 10,000.
- In case you fail in the first attempt or do not complete your pre-onboard learning, within 45 days from the receipt of the training link you will not be eligible for any learning incentive.
- To clear assessments for the program, you are required to score minimum 60% marks in each assessment test for the program. If you are unable to score 60% in the first attempt, you will have up to two additional attempts and will be required to score minimum 65% marks to clear the assessment for the program.
- During each reattempt, reasonable help, guidance and appropriate refresher training sessions will be provided to you to clear the assessment.

Your employment with Accenture is subject to your successful completion of the assessment of the program as mentioned above. Should you not clear the same this offer shall become redundant and will be revoked.

Post successful completion of the aforementioned assessment and upon joining the company further training program (s) will be conducted for a specific duration on the specific skill set assigned to you. Periodic tests will be conducted throughout this training program which you are expected to clear. You are required to score minimum 60% marks in each test to clear the Accenture specific training program. If you are unable to score 60% in the first attempt, you will have up to two additional attempts to score the same to clear the assessment. Your employment with Accenture is subject to your successful completion of the Accenture specific training program. If you are unable to complete the Accenture specific training program in the given 3 attempts successfully, your services with the Company shall be terminated as per Clause 10 outlined in the Terms of Employment.

After acceptance of the offer of employment or any time during the course of your employment with the Company you may be required to undergo drug/alcohol/substance test based on the project you are deployed. This offer and your employment with Accenture are contingent upon you completing particular tests as per the requirements of the Company and in the instance of failing these tests namely the drug/alcohol/substance test, Accenture may, in its sole discretion, elect to terminate or suspend your employment immediately.

In the event a government body/authority exercising its jurisdiction and statutory power/authority seeks information pertaining to any aspect of your employment, the Company shall provide such information to the government body/authority without any notification to you. The foregoing shall be applicable to information pertaining to your employment being shared in pursuance of statutory requirements/compliance. You may belong to this category and your details will be disclosed to these authorities.

To indicate your acceptance of this Offer and Terms of Employment with Accenture, please confirm your acceptance/rejection by logging on to Accenture Recruitment Portal (<https://india.jobs.accenture.com/default.aspx>) using your unique reference number, candidate identification (CID) and mobile number within 14 days (fourteen days) from the date of this letter post which the link will be disabled for you. If we do not receive your response before the expiration of 14 days (fourteen days) from the date of this letter, the terms of this Offer of employment will be deemed to have been rejected by you, unless otherwise communicated to you by the Company in writing. Further, at the time of joining you are required to provide all documentation identified in Annexure II along with the signed copy of this offer letter and Terms of Employment.

After accepting this offer, we encourage you visit Countdown to the Company- (<http://careers.accenture.com/Microsites/countdown/Pages/welcome-india.aspx>). This online, interactive welcome site will help you successfully navigate the first days, weeks and months of your career at Accenture. After acceptance of the offer of employment or any time during the course of your employment with the Company you may be required to undergo drug/alcohol/substance test based on the project you are deployed. This offer and your employment with Accenture are contingent upon you completing particular tests as per the requirements of the Company and in the instance of failing these tests namely the drug/alcohol/substance test, Accenture may, in its sole discretion, elect to terminate or suspend your employment immediately.

In the event a government body/authority exercising its jurisdiction and statutory power/authority seeks information pertaining to any aspect of your employment, the Company shall provide such information to the government body/authority without any notification to you. The foregoing shall be applicable to information pertaining to your employment being shared in pursuance of statutory requirements/compliance. You may belong to this category and your details will be disclosed to these authorities.

To indicate your acceptance of this Offer and Terms of Employment with Accenture, please confirm your acceptance/rejection by logging on to Accenture Recruitment Portal (<https://india.jobs.accenture.com/default.aspx>) using your unique reference number, candidate identification (CID) and mobile number within 14 days (fourteen days) from the date of this letter post which the link will be disabled for you. If we do not receive your response before the expiration of 14 days (fourteen days) from the date of this letter, the terms of this Offer of employment will be deemed to have been rejected by you, unless otherwise communicated to you by the Company in writing. Further, at the time of joining you are required to provide all documentation identified in Annexure II along with the signed copy of this offer letter and Terms of Employment.

After accepting this offer, we encourage you visit Countdown to the Company- (<http://careers.accenture.com/Microsites/countdown/Pages/welcome-india.aspx>). This online, interactive welcome site will help you successfully navigate the first days, weeks and months of your career at Accenture. It will also provide an interesting overview of Company history – as well as tips on how to develop yourself (and your career) in the future.
