## FEEDBACK POLICY

### Introduction

The Institute ensures to provide the best curriculum through the combined feedback collected from all its stakeholders. The stakeholders are Students, Faculty, Alumni, Employers and Parents. The feedback is collected through offline mode. The collected feedbacks are analysed and corrective actions are taken and the feedback is also hosted on the institution website.

### Feedback Mechanism

The feedback obtained periodically from different stakeholders is very helpful in improving academics and encourage students and teachers performance. Feedback forms are shared with all stakeholders via our institution. For collecting the feedback a specific timeline has been allotted for the process. The feedbacks are taken into consideration and the corrective actions are made by the committee under IQAC including Principal and HoDs. If necessary, these are forwarded to the management, for further actions.

### Feedback Process

Every academic year, the process described below is formed to collect and analyse feedback.

- Feedback Collected from various stakeholders such as students, teachers, alumni, employers and parents.
- Sharing feedback form in offline is done once in a year.
- Five point scaling technique is used for questionnaire such as Excellent, Very good, Good, Average and Poor.
- The collected feedbacks are compiled and analyzed. The feedback analysis reports have been generated and reviewed.
- The target of 80% and above has been set, which is considered excellent and corrective measures to be taken as below 80%.
