3.2.1 Institution has created an ecosystem for innovations, Indian Knowledge System(IKS), including awareness about IPR, establishment of IPR cell, Incubation centre and other initiatives for the creation and transfer of knowledge/technology and outcomes of the same are evident.

Sumathi Reddy Institute of Technology for Women (SRITW) implementing the Entrepreneur Eco-System Framework, which brings entrepreneurs, mentors, researchers, and academicians together to create an inspiring ecosystem to transform ideas into actions. The deep interaction between the theory and practice of entrepreneurship brings the best out of both, creating unique synergies. SRITW intends to be an active catalyst for the growth of the startup eco-system.

SRITW provides support to develop student ideas for innovative products, which helps society in the fields of Agriculture, Health care, Marketing, Automobile, Waste Management System, etc. The College provides an enriched environment of learning to all the women students. SRITW has got sanction of New Generation Entrepreneurship and Development Center (NewGen IEDC), ASPIRE-TBI, and MSME Incubation Center. In the above centers, we are conducting entrepreneurship activities like Weekly Innovation Challenge, Ideation Fest, Entrepreneurship Speaker Series, Tinker Camp, Innovation Workshops on Entrepreneurship, and Startup Visits

New Generation Entrepreneurship and Development Center (NewGen IEDC) was established at Sumathi Reddy Institute of Technology for Women, Warangal in 2018. IEDC-SRITW is funded by the Department of Science and Technology, New Delhi for five years with a total grant of Rs 2.8 Cr. IEDC Mission is “Develop Institutional mechanism to create Entrepreneurial culture in academic Institutions to foster growth of innovation and entrepreneurship amongst the faculty and students. The goal of IEDC is to bring out the software/hardware product which has market value, prepare a Business plan, and form a company. Through this, students learn the value, and cost of the product, along with vital marketing strategy, funding, and the process of registration of the company.

ASPIRE-TBI: ASPIRE stands for ‘A Scheme for Promotion of Innovation, Rural Industries and Entrepreneurship’. The Ministry of MSME, Government of India launched the ASPIRE scheme to set up a network of technology centers and incubation centers to accelerate entrepreneurship and also to promote startups for innovation in the agro-industry. The primary objective of ASPIRE Technology Business Incubator (TBI) is to create new jobs and reduce unemployment. To achieve its goal, an ecosystem that facilitates economic development from the grassroot level is to be created, starting from the district level by facilitating innovative business solutions for unmet social needs. Sustainable local solutions that have global relevance are the vision of the TBI.

MSME: MSME Innovative Scheme will be an amalgamation of the Incubation, Design, and IPR Schemes of the Ministry of MSME. MSME Innovative Scheme will be the combination of Incubation, Design, and IPR Schemes of the Ministry of MSME (Ministry of Micro, Small, and Medium Enterprises). This Ministry has been implementing this scheme since 2008 under the approved guidelines which permit the Govt. GoI

Weekly Innovation Challenge

Weekly Innovation Challenge (WIC) is conducted every week since 2015. The challenge puts students in a real life situation involving collaborative and investigative learning, community exploration, and innovation. The aim of the WIC is that, the participants entering the challenge are able to exercise their creative side, work in interdisciplinary teams, and experience the team dynamics. They tackle a novel situation under intense competitive time pressure, while networking with other students outside their disciplines and most importantly fine-tuning their entrepreneurial skills. Such an approach is a key to successful start-up and innovation.

Idea Fest:

With a vision to promote innovation and entrepreneurship among the students across Warangal and to create an ecosystem for a product culture, the SRITW Startup Mission hosts a yearly pitching event exclusively for college students, the Idea Fest. Idea Fest provides students an opportunity to present their ideas or college projects, which can be converted to a practical real world solution, in front of an elite panel and the teams which are shortlisted by the panel are offered grants based on the development stage and innovative value of their ideas.

Tinker Camp:

The goal is to tinker and Innovate. We know that discovery and experimentation includes making mistakes, but so often trial and error aren't a part of our modern classroom. Colleges often miss teaching the value of problem solving, and students are inadvertently taught to internalize failure. That's what Tinker Camp is all about. It helps students find the joy in success and failure, and hopefully in the process of creating a life-long love for problem-solving and experimentation in every thinker. Students from different discipline will be chosen and work together to complete a hands on project. The camp
