

**7.1.1 Institution has initiated the Gender Audit and measures for the promotion of gender equity during the last five years.**

**Response:**

SRITW is committed to educating and following the idea of gender equity among the students as their prime duty and part of constitutional obligation. Successive governments have taken a lot of initiatives by implementing welfare schemes to ensure gender equality in the field of Higher Education. Every year governments provide various scholarships for the betterment of girl students. Our college constitutes a Women Empowerment Cell, an anti-ragging cell to create awareness among the students to assert their rights and to educate them about women's empowerment. These cells on various occasions conduct various programs and activities for the students to popularize the idea of gender sensitization and empowerment. We display posters and other circulars from the government consisting of warnings and information about stringent measures against women's harassment and ragging.

Women's grievance redressal cell has been taking special care of the girl students and trying to support them in terms of imparting confidence among them while they face any type of problems within the campus or outside the campus. Our principal and concerned heads of the Cells even take their parents into confidence while taking any kind of problems faced by the girls. We conduct orientation programs for the newly admitted students on gender sensitization and this is one of the primary agenda included in the program to educate the students on these issues. Another major objective of such activities is to expose the students to interpersonal relationships, equality and fraternity among the students.

In addition to this our N.S.S unit has been engaging the students in various activities to imbibe qualities of leadership, social service to cherish the values of equality, social justice and tolerance. The student counselling center has been working under the guidance of senior women faculty to take up informal counselling of students to keep them psychologically strong and confident enough to overcome any types of depression they face in life. We have a student

welfare officer where the students are given representation to voice their problems and are given proper suggestions and solutions.

We have maintained a complaint box in the College in case they are hesitant to come up openly. Through these means, the College is able to take necessary measures to maintain cleanliness on the campus including the washrooms. The discipline committee of the College looks after disciplinary matters, from all kinds of harassment and ensuring their privacy.

SRITW has been successful in caring for its diverse students and staff population harmoniously in its efforts to steadily achieve its vision and mission. This is also evident from regular feedback from all its stakeholders.

**1. Role of women’s votes in democracy**

Sumathi Reddy Institute of Technology for women has organized a program on “Role of Women’s Votes in democracy”, on 1st November 2018, Many Students and faculty members are participated in this program. The program was aimed to create awareness among the students about importance of votes in the democracy and voting process by using EVM machine, the speaker introduced the EVM and VVPAT and also explained about how to cast vote by using EVM.

**Role of Women’s Votes in democracy**

The speaker has stated that, women's votes play a pivotal role in upholding the principles of democracy, ensuring that societies are more inclusive, equitable, and responsive to the needs of all citizens. The expansion of voting rights to women reflects the progress of societies towards greater gender equality and social justice.

### 3. Importance of Gender Equality

Importance of gender equality at Kasturba Gandhi Balikka Vidyalaya

SRITW has organized a program on “Importance of Gender Equality” at Kasturba Gandhi Balika Vidyalaya (KGBV) School, Bheemadevarapally. The program aims bring gender equality in education. Gender equality is linked to economic growth and prosperity. When women and men have equal access to education, employment opportunities, and resources, it can lead to increased productivity and economic development. Gender-inclusive economies tend to perform better. The speaker delivered an insightful speech on the importance of attaining equality between men and women, eliminating all forms of discrimination against women. NSS coordinator exhorted the students to understand their role in decision making and their right to practice any job of their choice. The interactive session followed in which the students stressed the importance of having economic and social freedom.

#### 4. Women in research

Guest lecture on Women in Research by Dr. N. Suman

The college has organized a program on women in research. In this program Dr. Suman addressed to the faculty and final year students by stating, women in India face several challenges in moving up the academic and administrative ladder due to systemic barriers and structural factors. Gender equality in scientific laboratories and institutions of higher education is not only about numbers but also about various micro and macro level factors operating at institutional level. Despite historical challenges and ongoing gender disparities in some fields, women continue to make remarkable strides in research and contribute to the advancement of human knowledge.

## 5. Women's Health and Safety during the Pandemic:

Awareness program on Women's Health and Safety during the Pandemic by Ms. Swapna

SRITW has organized an awareness program on Women's Health and Safety during the Pandemic. The speaker has started the session by explaining the pandemic situations and what are the measures to be taken by women to protect their health mentally and physically. As the COVID-19 pandemic deepens the economic and social stress coupled with restricted movement and social isolation measures, gender-based violence could increase. To address these challenges and support women's health during and after the pandemic, she urged to adapt a new way delivering care such as telehealth, to ensure that women can access the services they need effectively and safely.

Awareness programme on Sexual harassment on Girl Child and Women

SRITW has organized a program on Sexual harassment on Girl Child and Women, in the program, Bharosa Center Subedari, Inspector of Police and his team members have participated. The organization of this programme led to the realization that there was an urgent need to educate on these kinds of issues, which are not discussed in the public domain due to their sensitive nature. The mindsets of the parents, teachers and students involved would have an important bearing on the way in which these topics are perceived and discussed. In this program Principal Dr. I.Rajasri Reddy, Heads of various departments and staff and students are participated.
