TELANGANA ACADEMY FOR SKILL AND KNOWLEDGE

(Department of ITE & C, Government of Telangana)

Dear *Principal*

Greetings from TASK!

TASK is a non-profit organization created by the Government of Telangana for bringing synergy among institutions (Government, Private), Industry & Academia with an objective of offering quality human resources and services to the industry.

We partner with colleges to create a conducive environment for growth through faculty development, research pilots and help colleges provide quality education for the leaders of tomorrow with focused systematic Programmes, which help corporates gain access to a pool of trained graduates for suitable roles.

Initiatives from TASK are majorly focused around the concept of Employability Quotient that includes three key skill dimensions, personal, technical and organizational skills.

We appreciate and acknowledge your contribution to the student society in the State. We also congratulate your leadership in making your college one of the top ranking institutions in the region and in the nation.

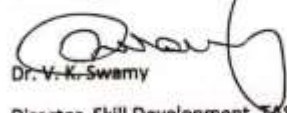

Hence, we invite you and your esteemed institution to be the part of this noble mission of preparing the students for employability, entrepreneurship and for higher education. TASK is the main interface between Institute and Industry through its various services in all the districts of Telangana, which are highly subsidized. These services are possible due to many MoUs that are signed between TASK (on behalf of the Government of Telangana) and the Industries.

We request you to register your college and your students under the category of star status so that all high end services are available at your door step.

In this regard the TASK team will approach you with all the details. Please extend your cooperation.

Thank you

Warm regards

Dr. V. K. Swamy

Director, Skill Development, TASK

Dear College Management

Thank You for making the payment towards TASK RENEWAL for the academic year 2018-19.

We are pleased to provide you with the following details:

Name of the College: SUMATHI REDDY INSTITUTE OF TECHNOLOGY FOR WOMEN

Amount in INR: 11925.32.00/-

Payment Date: 2018-06-20 13:07:33

Transaction Identification Number: 548617569 (Please quote this number for any queries relating to this request)

Payment Status: Success

Thank you,
TASK

Workshop on STEM

Date: 28/01/2019-02/02/2019

Location: SRITW

Executive Summary:

The workshop on "STEM: Fostering Creativity and Critical Thinking" brought together educators, researchers, and professionals from various fields to discuss and explore effective strategies for promoting STEM (Science, Technology, Engineering, and Mathematics) education. The workshop aimed to highlight the importance of creativity and critical thinking within the STEM disciplines and to identify practical approaches for incorporating these elements into teaching and learning. Participants engaged in discussions, hands-on activities, and collaborative sessions, resulting in valuable insights and recommendations for improving STEM education.

Key Objectives:

1. **Promote Creativity:** Emphasize the significance of creativity in STEM education and its role in fostering innovation and problem-solving skills.
2. **Enhance Critical Thinking:** Discuss methods to encourage critical thinking among students, enabling them to analyze, evaluate, and apply their knowledge effectively.
3. **Share Best Practices:** Provide a platform for educators to share successful strategies and teaching methodologies that integrate creativity and critical thinking into STEM curricula.
4. **Identify Challenges:** Identify obstacles that hinder the integration of creativity and critical thinking in STEM education and propose potential solutions.

Workshop Highlights:

1. **Opening Keynote Address:** The workshop began with an inspiring keynote address by Prof. Sridhar Condoor, who emphasized the importance of nurturing curiosity and imagination in STEM learners. The speaker highlighted real-world examples of how creativity and critical thinking have led to groundbreaking scientific discoveries and technological advancements.
2. **Panel Discussions:** A series of panel discussions featured experts from diverse STEM fields. Panelists explored various facets of creativity and critical thinking in their respective domains and discussed approaches for incorporating these aspects into teaching methods.

Affiliated to JNTUH - Approved by AICTE

3. **Hands-on Activities:** Participants engaged in hands-on activities that demonstrated practical ways to integrate creativity and critical thinking into STEM lessons. These activities ranged from designing simple machines to collaborative problem-solving challenges.
4. **Group Workshops:** Participants were divided into small groups to collaboratively develop lesson plans and projects that emphasized creativity and critical thinking. Each group presented their ideas, fostering an exchange of innovative teaching methodologies.
5. **Interactive Workshops:** Workshop sessions were conducted on topics such as "Incorporating Art into STEM" and "Gamification for Critical Thinking." These workshops provided educators with actionable strategies to make their STEM lessons more engaging and thought-provoking.
6. **Resource Sharing:** Educators shared a wide range of resources, including recommended readings, online tools, and teaching materials that support the integration of creativity and critical thinking into STEM education.

Key Outcomes:

1. **Recognition of Importance:** Participants reaffirmed the significance of creativity and critical thinking in producing well-rounded STEM graduates who are better prepared for real-world challenges.
2. **Pedagogical Innovations:** Workshop discussions led to the identification of innovative pedagogical approaches that promote creativity and critical thinking, such as project-based learning, inquiry-based learning, and interdisciplinary collaborations.
3. **Actionable Recommendations:** The workshop culminated in a set of recommendations for educational institutions and policymakers to integrate creativity and critical thinking into STEM curricula effectively.
4. **Networking:** Participants benefited from networking opportunities, fostering collaborations among educators, researchers, and professionals to further advance STEM education.

Conclusion:

The workshop underscored the significance of creativity and critical thinking in STEM education and provided a platform for educators to share insights and best practices.

Respected Sir/ Madam,

Sub: Proposal for Association with Sumathi Reddy Institute of Technology for Women as an Online Skill Development and Campus Recruitment Training Partner.

Greetings from Conduira Education and Training Services Pvt. Ltd.

Conduira Online (www.conduiraonline.com) is an emerging Ed-Tech leader in the space of Test Prep and Skill Development. Founded and managed by a team from IIMs and Other Top 10 MBA Schools, Conduira Online is a test agnostic learning platform that leverages data sciences, learning models and technology to provide test-prep and employment aspirants with goal-based personalized and curated learning paths to help them chase their goals of employment and higher education.

With over 10 years of experience in Recruitment Training, Skill-development Training, Personality Enhancement and Test-prep Training-like GRE, CAT, Bank POs; etc., Conduira boasts a strong in-house Academics and Content-Delivery Team.

Developed and supported by PhDs in Machine Learning and a team of Technology experts from Google and Amazon, Conduira Online platform uses learning algorithms that recommend to the user personalized learning paths and provide him the right inputs at the right time. While our learning paths have reduced a student's learning time by 30 to 50%, students who followed our learning paths have seen an improvement in their performance by 9%tile points between two evaluations.

We help Universities and colleges in up-skilling their students to make them employable and placement ready through our Skill-development and Recruitment Training courses starting from 1st year to Final year of Graduation.

We are currently working with 45+ Universities and colleges pan-India and have trained more than 1.5 lakh students on Conduira Online platform till-date. Some of our prestigious clients include:

- University College of Engineering, Osmania University (OU), Secunderabad
- Andhra University, Visakhapatnam
- Rajiv Gandhi University of Knowledge Technologies (RGUKT)- IIIT, Nuzvid
- IIIT- RK Valley, Cuddapah
- GITAM Institute of Technology (GIT, GITAM University), Visakhapatnam
- K.L. University, Vijayawada
- Vignán University, Vadlamudi Campus
- G. Nāryānamma Institute of Technology and Science (GNITS), Hyderabad

Idea Generation and Validation

Date: 11/03/2019-16/03/2019

Location: SRITW

1. Introduction: The "Idea Generation and Validation" workshop was organized to equip participants with techniques and strategies for generating innovative ideas and effectively validating them. The workshop aimed to foster creativity, critical thinking, and practical approaches to ensure that ideas are not only imaginative but also feasible and relevant.

2. Workshop Agenda: The workshop was structured into several sessions over the course of the day:

Session 1: Introduction to Idea Generation The facilitator began by introducing the concept of idea generation and its importance in various aspects of personal and professional life. Participants were engaged through interactive discussions about the challenges they face in generating ideas.

Session 2: Techniques for Idea Generation In this session, participants were introduced to various idea generation techniques, including brainstorming, mind mapping, SCAMPER (Substitute, Combine, Adapt, Modify, Put to another use, Eliminate, Rearrange), and reverse thinking. Each technique was explained with examples, and participants were divided into groups to apply these techniques to real-world scenarios.

Session 3: Idea Validation Principles The focus shifted to the validation of ideas in this session. The facilitator discussed the importance of validating ideas early to save time and resources. The principles of feasibility, market demand, uniqueness, and alignment with personal/professional goals were emphasized.

Session 4: Tools for Idea Validation Participants were introduced to various tools and methodologies for idea validation, including surveys, interviews, prototyping, and minimum viable products (MVPs). Case studies of successful products/services resulting from thorough validation were presented to showcase the impact of validation on success.

Session 5: Group Activity: Idea Pitching In a hands-on activity, participants formed groups and generated ideas using the techniques learned earlier. Each group selected one idea for validation. They then prepared and delivered a brief pitch, highlighting the idea's uniqueness, market potential, and preliminary validation strategy.

Session 6: Expert Panel Discussion An expert panel comprising entrepreneurs and industry professionals was invited to share their experiences with idea generation and validation. Panelists discussed real-world challenges and provided insights into how they overcome obstacles in the early stages of idea development.

3. Key Takeaways:

- **Diverse Idea Generation Techniques:** Participants gained exposure to various techniques, enabling them to approach idea generation from different angles.
- **Importance of Validation:** The significance of validating ideas to ensure their viability and market demand was deeply ingrained.
- **Practical Validation Tools:** Participants learned about practical tools and strategies to effectively validate their ideas.
- **Collaborative Learning:** Group activities encouraged collaborative thinking, allowing participants to learn from each other's perspectives.

4. Participant Feedback: Participants provided positive feedback on the interactive nature of the workshop, praising the practicality of the techniques and tools taught. They found the group activities particularly helpful in applying the concepts learned in a hands-on manner.

5. Conclusion: The "Idea Generation and Validation" workshop successfully empowered participants with valuable skills to generate creative ideas and validate them effectively. By blending theoretical knowledge with practical application, the workshop fostered a dynamic learning environment. Participants left with a renewed sense of confidence in their ability to generate, assess, and pursue innovative ideas.

Understanding the Foundations of Intellectual Property Rights (IPR)

Date: 17/09/2018-22/09/2018

Venue: SRITW

Organizers: Dept Of CSE, SRITW

Executive Summary:

The workshop on "Understanding the Foundations of Intellectual Property Rights (IPR)" was successfully conducted on 17/09/2018-22/09/2018 at SRITW. The event aimed to provide participants with a comprehensive understanding of the fundamental concepts, significance, and implications of Intellectual Property Rights. The workshop featured expert speakers who shared insights on various aspects of IPR, fostering engaging discussions and interactive sessions among the participants.

Key Objectives:

1. **Introduction to IPR:** To provide participants with a clear understanding of what Intellectual Property Rights entail and their role in promoting innovation and creativity.
2. **Types of IPR:** To familiarize participants with different forms of IPR, including patents, copyrights, trademarks, and trade secrets.
3. **Importance of IPR:** To highlight the importance of IPR in protecting the rights of creators, encouraging innovation, and fostering economic growth.
4. **Challenges and Controversies:** To explore the challenges and controversies surrounding IPR, such as balancing rights with public interests and addressing issues related to patent trolls.
5. **International Perspective:** To discuss international treaties and agreements related to IPR, emphasizing the global nature of intellectual property protection.

Workshop Highlights:

1. **Sessions and Presentations:** Expert speakers delivered presentations on various aspects of IPR, covering topics such as the history of IPR, legal frameworks, registration processes, infringement cases, and emerging trends.
2. **Interactive Discussions:** Each session was followed by interactive discussions where participants had the opportunity to ask questions, share their insights, and engage in meaningful debates.

[Home](#)

SUMATHI REDDY

INSTITUTE OF TECHNOLOGY FOR WOMEN

L e a r n i n g a t i t s b e s t

Affiliated to JNTUH - Approved by AICTE

3. **Case Studies:** Real-world case studies were presented to illustrate the practical applications of IPR principles in different industries, ranging from technology to the arts.
4. **Group Activities:** Participants were divided into groups for brainstorming sessions and group activities that encouraged critical thinking and practical application of IPR concepts.
5. **Networking Opportunities:** Informal networking breaks allowed participants to connect with speakers and fellow attendees, facilitating knowledge exchange and potential collaborations.

Key Takeaways:

1. **Comprehensive IPR Knowledge:** Participants gained a solid understanding of the various forms of IPR and their importance in protecting intellectual creations.
2. **Ethical Considerations:** Discussions on IPR ethics underscored the need to balance protection with the greater good, particularly in sectors like pharmaceuticals and technology.
3. **Global Perspective:** Understanding the international nature of IPR illuminated the significance of harmonized regulations in a globalized economy.
4. **Innovation Promotion:** Participants recognized how IPR can incentivize innovation by providing creators with a means to monetize their inventions.

Conclusion:

The "Understanding the Foundations of Intellectual Property Rights (IPR)" workshop succeeded in its objective of imparting participants with a comprehensive understanding of IPR concepts, their importance, and their implications. The event facilitated constructive discussions and networking, leaving participants better equipped to navigate the complex landscape of intellectual property protection. The organizers are committed to continuing such educational initiatives to foster awareness and knowledge about IPR.

Understanding Research Foundations

Date: 12/11/2018-17/11/2018

Venue: SRITW Seminar Hall

Duration: 1 Week

Objective: The primary objective of the workshop on "Understanding Research Foundations" was to equip participants with the essential knowledge and skills required to comprehend and engage effectively with the foundational principles of research methodologies across various fields. The workshop aimed to provide a comprehensive overview of key concepts, approaches, and ethical considerations related to research.

Participants: The workshop saw participation from [Number of Participants] individuals from diverse academic and professional backgrounds. Participants included students, researchers, educators, and professionals interested in strengthening their understanding of research fundamentals.

Agenda:

- 1. Introduction to Research:** The workshop began with an overview of research and its significance in various domains. Participants were introduced to the fundamental elements of research, including the research process, types of research, and the importance of critical thinking.
- 2. Research Design:** This session focused on different research designs, such as experimental, correlational, and qualitative designs. Participants learned how to select an appropriate research design based on their research questions and objectives.
- 3. Data Collection Methods:** The workshop delved into various data collection methods, such as surveys, interviews, observations, and archival research. Practical examples and case studies were discussed to illustrate the strengths and limitations of each method.
- 4. Sampling Techniques:** Participants were introduced to different sampling techniques, including random sampling, stratified sampling, and convenience sampling. The session emphasized the importance of representative samples in drawing meaningful conclusions.
- 5. Data Analysis:** This segment covered basic data analysis techniques, including descriptive statistics and inferential statistics. Participants gained insights into how to analyze and interpret research data effectively.
- 6. Ethical Considerations in Research:** The workshop highlighted the ethical responsibilities of researchers, including obtaining informed consent, ensuring participant confidentiality, and addressing potential conflicts of interest. Case studies were examined to explore ethical dilemmas in research.

7. **Writing and Communicating Research:** Participants were guided through the process of structuring a research paper, including the components of an introduction, methodology, results, and discussion. Tips for effective communication of research findings were also shared.
8. **Critical Evaluation of Research:** The workshop concluded with a session on critically evaluating research articles. Participants learned how to assess the validity, reliability, and generalizability of research findings.

Guest Speakers: The workshop featured two guest speakers who shared their expertise and insights on specific aspects of research:

1. Dr. V. Mahesh, Principal, SREC delivered a talk on "Ethical Challenges in Research: Navigating Complexities and Ensuring Integrity."
2. Dr. C. V. Guru Rao, Dean SREC presented on "Innovations in Research Methodologies: Adapting to Technological Advancements."

Interactive Activities: Throughout the workshop, participants engaged in interactive activities, including group discussions, case study analysis, and hands-on exercises related to designing research studies, formulating research questions, and conducting basic data analysis.

Feedback and Outcomes: Feedback from participants was overwhelmingly positive, highlighting the workshop's effectiveness in demystifying research concepts and enhancing their confidence in engaging with academic literature. Several participants expressed interest in further workshops focused on advanced research methodologies and statistical analysis.

Conclusion: The workshop on "Understanding Research Foundations" successfully achieved its goal of providing participants with a solid understanding of essential research concepts and methodologies. By the end of the workshop, participants were better equipped to embark on research endeavors with a strong foundation of knowledge and skills.

Acknowledgments: We extend our heartfelt gratitude to all the participants for their active involvement and enthusiasm. Special thanks go to our guest speakers for sharing their expertise and enriching the workshop experience.

of - software, hardware training and development center - and related fields.

NAVICA COMMUNICATIONS PVT. LTD. the Second Party is promoted by SUMATHI REDDY GUJJULA H.NO. 84/3RT, 1st FLOOR, OPP EXIDE BATTERIES, NEAR COMMUNITY HALL, SR NAGAR, HYDERABAD, TELANGANA 500038. NAVICA COMMUNICATIONS PVT LTD started in the year of 2015 with a motto of train the students according to industry standards in various categories. NAVICA COMMUNICATIONS PVT LTD is focused to build a bridge between colleges and corporate companies by providing required skills in IT and electronics industry with quality training. This helps the students to get the right placement for IT and Electronics industry and better trained resources for the One who will be more productive from Day One. NAVICA COMMUNICATIONS PVT LTD team forms with academic and industry experience. The course structure has been designed by the industry persons and enlightens the training programmes with live projects such enabling and enhancing student's employability. NAVICA COMMUNICATIONS PVT LTD is, therefore, poised and committed to deliver high end programs with right blend of skills, knowledge and expertise.

NAVICA COMMUNICATIONS PVT LTD is envisaged as a single point technical solution center to address the requirements of the industry by training our engineering students in latest and relevant technologies. As our center has close relations with the industry, we wish to help the students in shaping their future.

NAVICA COMMUNICATIONS PVT LTD provides an alternative learning platform using a unique learning methodology of live online interactive courses along with 24x7 live support. NAVICA COMMUNICATIONS PVT LTD provides practical experience with vast number of programmes which relates to the present industry needs. NAVICA COMMUNICATIONS PVT LTD provides internships in various categories to the students across the globe by providing training and developing the new innovations.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1 CO-OPERATION

1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and cooperation that will promote and advance their respective operations within the institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

Principal and Second Party cooperation will facilitate effective utilization of

the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.

- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall as promptly as is reasonably practicable, enter into all relevant agreements, deeds and documents (the Definitive Documents) as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Industrial Training:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The First Party will provide its Labs / Workshops for the hands-on training of the learners enrolled with the First Party.
- 2.3 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technology in order to bridge the skill gap and make them industry ready.
- 2.4 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in-house requirements.

trained students

2.5 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programmes on the terms specified herein.

There is no financial commitment on the part of the **SUMATHI REDDY INSTITUTE OF TECHNOLOGY FOR WOMEN**, the First Party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3
INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4
VALIDITY

4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms. During which period **NAVICA COMMUNICATIONS PVT LTD**, the Second Party, as the case may be, will take effective steps for implementation of the MOU. Any act on the part of **NAVICA COMMUNICATIONS PVT LTD**, the Second Party after termination of this Agreement by way of communication, correspondence, etc., shall not be construed as an extension of this MOU.

4.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES

5.1 It is expressly agreed that **SUMATHI REDDY INSTITUTE OF TECHNOLOGY FOR WOMEN** and **NAVICA COMMUNICATIONS PVT LTD** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor shall it be deemed to have, any authority under the terms of this MOU to make any agreement or any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Sumathi Reddy Institute of Technology for Women

About the Workshop
The primary objectives of the workshop were:

- To familiarize participants with different data collection techniques.
- To understand the strengths and limitations of various data collection methodologies.
- To explore ethical considerations related to data collection.
- To provide hands-on experience with data collection tools and technologies.
- To share strategies for validating and ensuring data quality.

About Sumathi Reddy Institute of Technology for Women (SRITW)
Sumathi Reddy Institute of Technology for Women (SRITW) was established in the year 2009 by the great educationalist Sri A. Varada Reddy garu with a clear vision to Empower women in the field of Science & Technology and transforms them as Innovators, Leaders and Entrepreneurs. Sumathi Reddy Institute of Technology for Women, a comprehensive and student centric college offering undergraduate programs with state of the art infrastructure, sophisticated labs, amphitheater, conference room, standard sports facilities, smart classrooms, campus connected hostel, green campus. Abutting to National highway.

Navigating Data Collection Techniques

- **Title:** Navigating Data Collection Techniques
- **Dates:** 7/1/2019-12/1/2019
- **Duration:** 1 Week
- **Location:** SRITW
- **Organizer:** Dept Of CSE, SRITW

Executive Summary: The "Navigating Data Collection Techniques" workshop aimed to provide participants with a comprehensive understanding of various data collection techniques, methodologies, and best practices. The workshop covered a range of topics, including quantitative and qualitative data collection methods, ethical considerations, tools and technologies, and data validation strategies. Through a combination of presentations, group discussions, and hands-on activities, participants gained valuable insights into designing effective data collection processes for research and decision-making purposes.

Workshop Objectives:

1. To familiarize participants with different data collection techniques.
2. To understand the strengths and limitations of various data collection methodologies.
3. To explore ethical considerations related to data collection.
4. To provide hands-on experience with data collection tools and technologies.
5. To share strategies for validating and ensuring data quality.

Workshop Highlights:

- **Introduction to Data Collection Techniques:** The workshop began with an overview of the importance of data collection and its role in research and decision-making. Participants were introduced to quantitative and qualitative data collection methods and their applications.
- **Quantitative Data Collection:** The facilitator presented various quantitative data collection techniques, such as surveys, questionnaires, and experiments. Participants engaged in a group activity where they designed a mock survey to collect data on a hypothetical research question.

- **Qualitative Data Collection:** An in-depth discussion on qualitative data collection methods, including interviews, focus groups, and observations, provided participants with insights into when and how to use these techniques effectively.
- **Ethical Considerations:** Ethical issues surrounding data collection, including informed consent, privacy, and confidentiality, were explored. Real-world case studies prompted participants to reflect on ethical dilemmas and best practices.
- **Data Collection Tools and Technologies:** Participants had a hands-on session with various data collection tools and technologies, including online survey platforms and mobile data collection apps. They learned how to choose the right tools based on their research objectives.
- **Data Validation and Quality:** Strategies for ensuring data validity and quality were discussed, covering techniques such as piloting surveys, double data entry, and consistency checks. Participants gained a practical understanding of how to minimize errors in their data.
- **Group Discussions:** Throughout the workshop, participants engaged in group discussions to share their insights, experiences, and challenges related to data collection. This provided a platform for peer learning and networking.

Participant Feedback:

- Participants appreciated the comprehensive coverage of data collection techniques, which helped them understand the diversity of methods available.
- The hands-on activities were particularly valuable, as they provided practical experience in designing surveys and using data collection tools.
- Ethical considerations sparked meaningful discussions and heightened awareness of the importance of responsible data collection.
- Some participants expressed a desire for more in-depth sessions on specific data collection methods.

Section 1 – Program and batch details

Full Name	Sumathi Reddy Institute of Technology for Women (SRITW)
Program Name	Problem Solving and Programming Using C
Total Program Duration (in months)	6 Months
Training Dates	3.1.2020
Total No of students members attending the training	268
No of batches	3
Session Timings	9.00 A.M to 01:00 P.M, 2:00 P.M to 5.00 P.M

- Any request for change in training dates needs to be communicated **Amphisoft Technologies** atleast 7 working days in advance.
- Even if communicated 7 working days in advance, **Amphisoft Technologies** is not automatically liable to deliver the service on the revised dates. **Amphisoft Technologies** will reconfirm the possibility of service delivery based on availability of trainers, ease of trainers' travel and accommodation and other constraints.
- Once the SoW is signed, our Accounts Manager (AM) from **Amphisoft Technologies** will be in touch with you to plan finer details of logistics. Details of the Accounts Manager (AM) are:
 - Name - Dr. S. Kalpana
 - Designation - Accounts Manager
 - Mobile Number - +91 97866 94242
 - Email ID - kalpana@amphisoft.co.in

DECLARATION: I have read and understood **Section 1 – Program and batch details** and I agree to the same.

Building a Solid Business Plan

Date: 6/1/2020-11/1/2020

Location: SRITW

Executive Summary:

The "Building a Solid Business Plan" workshop took place on 6th January at SRITW. The workshop aimed to equip participants with the essential knowledge and skills required to create a comprehensive and effective business plan. The facilitator guided participants through the process of understanding the key components of a business plan, conducting market research, defining business objectives, and formulating strategies for success. The workshop was well-received, with attendees expressing a deeper understanding of the importance of a robust business plan in launching and growing a successful venture.

Key Workshop Highlights:

1. **Introduction to Business Plans:** The workshop began with an overview of what a business plan entails and why it is crucial for startups and existing businesses. Participants learned about the various purposes a business plan serves, including securing funding, guiding operations, and outlining growth strategies.
2. **Components of a Business Plan:** The facilitator explained the core sections of a business plan, including the executive summary, company description, market analysis, product/service description, marketing and sales strategies, organizational structure, financial projections, and funding requirements. Participants gained insights into the importance of each section and how they interconnect.
3. **Market Research and Analysis:** A significant portion of the workshop was dedicated to teaching participants how to conduct thorough market research. The facilitator emphasized the significance of understanding the target market, identifying competitors, and evaluating industry trends. Practical exercises allowed participants to apply these concepts and create a clearer picture of their business's position in the market.
4. **Defining Business Objectives and Strategies:** Participants were guided through the process of setting SMART (Specific, Measurable, Achievable, Relevant, Time-Bound) goals for their businesses. The facilitator helped them align their objectives with market insights and company strengths, ensuring realistic and attainable targets. Strategies for achieving these objectives were also discussed, emphasizing differentiation and competitive advantages.

5. **Financial Projections and Funding:** The financial aspect of the business plan was thoroughly covered. Participants learned how to create financial projections, including income statements, balance sheets, and cash flow forecasts. The facilitator highlighted the significance of accurate financial data for attracting investors and making informed decisions.
6. **Interactive Group Activities:** The workshop included group activities and case studies that allowed participants to apply the concepts they learned in a practical setting. This encouraged collaboration, idea exchange, and problem-solving among participants.
7. **Q&A and Participant Engagement:** Throughout the workshop, participants were encouraged to ask questions and share their insights. The facilitator addressed queries and provided personalized guidance, enhancing the overall learning experience.

Participant Feedback:

Participants provided positive feedback about the workshop. They expressed appreciation for the clear and concise explanations, practical examples, and interactive activities. Many participants noted that they now felt more confident in their ability to create a well-structured business plan tailored to their specific ventures.

Conclusion:

The "Building a Solid Business Plan" workshop proved to be a valuable learning experience for participants, equipping them with the knowledge and skills needed to create effective business plans. The insights gained during the workshop will undoubtedly contribute to the success of their future business endeavors. The facilitator's expertise and the interactive nature of the workshop played a significant role in its success.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is executed on this _____ Day of September 2020 at Hyderabad by and between:-

M/S. BYTEXTL INDIA PRIVATE LIMITED (A subsidiary of KP2 Associates LLC, USA) a company registered at HYDERABAD (Telangana), having its office at 16/125, Road No. 7, Iba Nacharam Hyderabad, TG - 500076, being represented by its Authorized Representative Mr. Raman Sumanthyan (hereinafter referred to as "First Party" which term shall include all its successors in interests and permitted assignees)

And

Sumathi Reddy Institute of Technology for Women [Address: Ananthasagar, Hasanparthy Mandal, Telangana-506371, India] (here in after referred to as the "Second Party" which term shall include all its successors in interests and permitted assignees)

Whereas the First Party is in the business of providing a platform that offers access to programming and coding courses, via the ByteXL website URL namely bytextl.in, bytextl.com and through ByteXL mobile application and placements. The Second Party is in the activity of providing engineering education to students. WHEREAS both parties are desirous of synergizing their core competencies and have agreed to enter into this Memorandum of Understanding on the following terms and conditions:-

I. PURPOSE AND OBJECTIVE

- 1) The main objective and purpose of this Memorandum of Understanding is to promote cooperation in academic education and research using cyber security, artificial intelligence, deep learning, IoT, block chain and skill development tools by both parties.
- 2) This MOU shall be valid for financial arrangements only for the training period.
- 3) Both parties shall take all reasonable steps to ensure successful completion of the collaboration and cooperate with each other in duly carrying out the obligation agreed upon.

II. FORMS OF COOPERATION

- 1) The First Party shall enlist the Second Party and the Second Party shall enlist the First Party as each other's STRATEGIC PARTNER in each other's website, brochures, or any other marketing material.
- 2) The agreement is mutually exclusive i.e. both parties do not have exclusive rights on the other side.

Quantitative Analysis Techniques

Date: 20/04/2020-25/04/2020

Location: SRITW

Organizer: Dept Of CSE, SRITW

Workshop Overview: The workshop on "Quantitative Analysis Techniques" was conducted during 20/04/2020 to 25/04/2020 at SRITW. The primary objective of the workshop was to provide participants with a comprehensive understanding of various quantitative analysis techniques used in research, business, and decision-making processes. The workshop aimed to equip attendees with the knowledge and skills necessary to apply quantitative methods effectively in their respective fields.

Workshop Agenda:

1. **Introduction to Quantitative Analysis:** The workshop began with an overview of quantitative analysis and its significance in various domains. Participants were introduced to the fundamental concepts and terminology associated with quantitative analysis.
2. **Descriptive Statistics:** This session covered measures of central tendency (mean, median, mode) and measures of dispersion (range, variance, standard deviation). Practical examples and exercises were used to illustrate the application of these statistics in real-world scenarios.
3. **Inferential Statistics:** Participants delved into inferential statistics, including hypothesis testing, confidence intervals, and p-values. The workshop emphasized understanding the principles behind these techniques and interpreting the results correctly.
4. **Regression Analysis:** The concept of regression analysis was introduced, along with linear and multiple regression models. Attendees learned how to use regression to model relationships between variables and make predictions.
5. **Correlation Analysis:** This session explored correlation as a measure of the strength and direction of relationships between variables. Participants learned how to calculate correlation coefficients and interpret their significance.
6. **Time Series Analysis:** Time series analysis was introduced as a method for analyzing data collected over time. Participants learned about trends, seasonality, and techniques like moving averages and exponential smoothing.
7. **Data Visualization:** The importance of data visualization in quantitative analysis was highlighted. Common visualization tools and techniques were presented to help participants effectively communicate their findings.

Affiliated to JNTUH - Approved by AICTE

8. **Software Tools for Quantitative Analysis:** This session introduced participants to popular software tools such as Excel, R, and Python for performing quantitative analysis. Basic coding and data manipulation techniques were covered.
9. **Practical Case Studies:** The workshop concluded with practical case studies where participants applied the techniques they learned to real-world datasets. This hands-on session encouraged participants to analyze data, draw conclusions, and present their findings.

Feedback and Outcomes: The workshop received positive feedback from participants who expressed appreciation for the well-structured sessions and practical approach. Attendees reported gaining a clearer understanding of quantitative analysis techniques and feeling more confident in their ability to apply these methods to their research and work.

Future Prospects: Based on the success of this workshop, there is a potential to organize more advanced workshops on specialized topics within quantitative analysis, such as advanced regression techniques, time series forecasting, and multivariate analysis. Participants expressed interest in deeper dives into these areas.

In conclusion, the "Quantitative Analysis Techniques" workshop effectively achieved its objectives of educating participants about key quantitative analysis methods. It provided attendees with practical skills and knowledge that can be applied across various fields. The positive feedback and interest in future workshops underscore the importance of continued education in quantitative analysis.

TELANGANA ACADEMY FOR SKILL AND KNOWLEDGE

(Department of ITE & C, Government of Telangana)

Dear *Principal*

Greetings from TASK!

TASK is a non-profit organization created by the Government of Telangana for bringing synergy among institutions (Government, Private), Industry & Academia with an objective of offering quality human resources and services to the industry.

We partner with colleges to create a conducive environment for growth through faculty development, research pilots and help colleges provide quality education for the leaders of tomorrow with focused systematic Programmes, which help corporates gain access to a pool of trained graduates for suitable roles.

Initiatives from TASK are majorly focused around the concept of Employability Quotient that includes three key skill dimensions, personal, technical and organizational skills.

We appreciate and acknowledge your contribution to the student society in the State. We also congratulate your leadership in making your college one of the top ranking institutions in the region and in the nation.

Hence, we invite you and your esteemed institution to be the part of this noble mission of preparing the students for employability, entrepreneurship and for higher education. TASK is the main interface between institute and Industry through its various services in all the districts of Telangana, which are highly subsidized. These services are possible due to many MoUs that are signed between TASK (on behalf of the Government of Telangana) and the Industries.

We request you to register your college and your students under the category of star status so that all high end services are available at your door step.

In this regard the TASK team will approach you with all the details. Please extend your cooperation.

Thank you

Warm regards

Dr. V. K. Swamy

Director, Skill Development, TASK

Dear College Management

Thank You for making the payment towards TASK RENEWAL for the academic year 2019-20.

We are pleased to provide you with the following details:

Name of the College: SUMATHI REDDY INSTITUTE OF TECHNOLOGY FOR WOMEN

Amount in INR: 11925.32.00/-

Payment Date: 2019-05-17 10:02:37

Transaction Identification Number: 802507884 (Please quote this number for any queries relating to this request)

Payment Status: Success

Thank you,
TASK

Patent Writing Essentials Workshop

Date: 4/11/2019-9/11/2019

Location: SRTW

Workshop Duration: 1 Week

Overview:

The "Patent Writing Essentials Workshop" was conducted with the aim of providing participants with a comprehensive understanding of the fundamental concepts and techniques involved in writing effective and legally sound patents. The workshop featured expert speakers from the field of intellectual property and patent law, who shared their insights and knowledge with attendees.

Workshop Agenda:

1. **Introduction to Patents:** The workshop began with an overview of patents, their importance, and their role in protecting innovations. The speaker explained the different types of patents, including utility patents and design patents.
2. **Patent Search and Prior Art:** This session focused on the significance of conducting thorough patent searches to identify existing similar inventions. Attendees learned how to use patent databases and search techniques to uncover relevant prior art.
3. **Components of a Patent Application:** The participants were introduced to the essential elements of a patent application, including the title, abstract, background, detailed description, claims, and drawings. The session emphasized the importance of clear and precise language.
4. **Writing Patent Claims:** This session delved into the art of writing patent claims, which define the scope of the invention's protection. Attendees learned about the different types of claims, such as independent and dependent claims, and how to draft them effectively.
5. **Drafting the Detailed Description:** Participants were guided through the process of writing the detailed description of the invention. The speakers highlighted the need for thorough and accurate explanations that enable someone skilled in the field to replicate the invention.
6. **Importance of Drawings:** The workshop covered the significance of patent drawings and their role in providing a visual representation of the invention. Attendees were given insights into creating high-quality drawings that complement the written description.
7. **Patent Language and Terminology:** This session focused on the specific language and terminology commonly used in patent applications. Attendees were provided with

examples of appropriate vocabulary to use when describing different aspects of their inventions.

8. **Legal and Ethical Considerations:** The workshop also addressed legal and ethical considerations in patent writing. Speakers discussed issues such as inventorship, ownership, and disclosure requirements.
9. **Interactive Case Studies:** To reinforce the concepts covered, participants engaged in interactive case studies. They worked in groups to analyze and discuss sample patent applications, identifying strengths and areas for improvement.
10. **Q&A and Panel Discussion:** The workshop concluded with an open Q&A session where participants had the opportunity to ask questions to the expert speakers. A panel discussion provided deeper insights into some of the challenges faced during patent writing.

Key Takeaways:

- Understanding the importance of thorough patent searches to identify prior art.
- Clarity and precision are essential in all components of a patent application.
- Patent claims are crucial and should be drafted with care to define the scope of protection.
- The detailed description should enable a skilled person to replicate the invention accurately.
- High-quality drawings enhance the understanding of the invention.
- Legal and ethical considerations play a significant role in the patent writing process.

Enhancing Data Collection Techniques in Research

Date: 1/3/2020

Location: SRIW

Introduction: The workshop on "Enhancing Data Collection Techniques in Research" was organized to provide researchers, scholars, and professionals with insights and practical knowledge on improving data collection methods across various disciplines. The workshop aimed to address the challenges faced in collecting accurate, reliable, and comprehensive data and to introduce participants to innovative techniques that can enhance the quality and efficiency of data collection processes.

Key Objectives:

1. Explore the importance of robust data collection techniques in research.
2. Discuss common challenges faced during data collection and ways to overcome them.
3. Introduce participants to advanced data collection tools and technologies.
4. Provide hands-on experience through practical exercises and case studies.
5. Foster collaboration and knowledge sharing among participants.

Sessions and Highlights:

1. **Opening Session: The Significance of Data Collection Techniques**
 - Keynote speaker highlighted the pivotal role of accurate data in producing reliable research outcomes.
 - Emphasis on ethical considerations and informed consent during data collection.
2. **Challenges in Data Collection: Strategies and Solutions**
 - Panel discussion with experienced researchers addressing issues such as respondent bias, sample size determination, and survey design.
 - Strategies shared for mitigating challenges, including randomization, validation techniques, and pre-testing.
3. **Innovative Data Collection Technologies**
 - Presentation on emerging technologies like mobile apps, wearables, and IoT devices for data collection.

- Real-world examples of successful implementations in healthcare, environmental monitoring, and social sciences.
4. Quantitative Data Collection Methods
 - Workshop on designing effective surveys and questionnaires, covering topics such as question wording, response scales, and question sequencing.
 - Practical exercise: Participants developed and refined survey questions.
 5. Qualitative Data Collection Techniques
 - Introduction to qualitative methods like interviews, focus groups, and content analysis.
 - Case studies showcasing how qualitative data enriches research outcomes.
 6. Data Collection in Remote and Cross-Cultural Settings
 - Strategies for collecting data remotely and considerations for cross-cultural research.
 - Discussion on challenges related to language barriers and cultural sensitivity.
 7. Data Validation and Quality Assurance
 - Techniques for data validation, including range checks, consistency checks, and outlier detection.
 - Importance of data cleaning and ensuring data accuracy.

Conclusion: The workshop on "Enhancing Data Collection Techniques in Research" proved to be a valuable platform for researchers to learn about cutting-edge methods for collecting high-quality data. Participants gained insights into addressing challenges, implementing innovative technologies, and ensuring data validity and reliability. The event facilitated networking and collaboration, encouraging participants to share their experiences and learn from one another. Overall, the workshop contributed significantly to improving the quality of research outcomes by emphasizing the importance of robust data collection techniques.

TELANGANA ACADEMY FOR SKILL AND KNOWLEDGE

(Department of ITE & C, Government of Telangana)

Dear *Principal*

Greetings from TASK!

TASK is a non-profit organization created by the Government of Telangana for bringing synergy among institutions (Government, Private), Industry & Academia with an objective of offering quality human resources and services to the industry.

We partner with colleges to create a conducive environment for growth through faculty development, research pilots and help colleges provide quality education for the leaders of tomorrow with focused systematic Programmes, which help corporates gain access to a pool of trained graduates for suitable roles.

Initiatives from TASK are majorly focused around the concept of Employability Quotient that includes three key skill dimensions, personal, technical and organizational skills.

We appreciate and acknowledge your contribution to the student society in the State. We also congratulate your leadership in making your college one of the top ranking institutions in the region and in the nation.

Hence, we invite you and your esteemed institution to be the part of this noble mission of preparing the students for employability, entrepreneurship and for higher education. TASK is the main interface between Institute and Industry through its various services in all the districts of Telangana, which are highly subsidized. These services are possible due to many MoUs that are signed between TASK (on behalf of the Government of Telangana) and the Industries.

We request you to register your college and your students under the category of star status so that all high end services are available at your door step.

In this regard the TASK team will approach you with all the details. Please extend your cooperation.

Thank you

Warm regards

Dr. V. K. Swamy

Ethical Research Practices

Date: 12/12/2020

Location: SRITW

Abstract: Ethical research practices are fundamental to maintaining the integrity and credibility of academic and scientific pursuits. This seminar report delves into the importance of ethical considerations in research, the principles that underlie ethical research practices, potential challenges, and strategies for promoting responsible research conduct. By upholding ethical standards, researchers can contribute to the advancement of knowledge while safeguarding the rights and well-being of participants and society as a whole.

1. **Introduction:** Ethical research practices encompass a set of principles and guidelines that guide researchers in conducting their studies with integrity, transparency, and respect for all stakeholders involved. In an age of rapid technological advancements and increasing complexity of research questions, adherence to ethical standards is paramount to ensure that the pursuit of knowledge benefits humanity without causing harm.

2. **Importance of Ethical Research Practices:**

- **Research Integrity:** Ethical research practices are central to maintaining the honesty and trustworthiness of scientific and academic endeavors. Research that lacks ethical considerations risks undermining its credibility and validity.
- **Protection of Participants:** Ethical guidelines ensure that participants' rights, dignity, privacy, and well-being are respected and protected. Informed consent, confidentiality, and minimizing risks are integral to this aspect.
- **Societal Impact:** Research outcomes can have far-reaching implications for society. Ethical research practices help ensure that research contributes positively to societal progress and avoids potential negative consequences.

3. **Principles of Ethical Research:**

- **Respect for Autonomy:** Researchers must obtain informed consent from participants, ensuring they are fully aware of the study's purpose, procedures, and potential risks.
- **Beneficence:** Researchers should strive to maximize benefits and minimize harm to participants, as well as ensure the welfare of the broader community.
- **Justice:** Fair distribution of the benefits and burdens of research, and the avoidance of exploitation, are central to the principle of justice.

- Integrity: Honesty and transparency in reporting research methods, findings, and conflicts of interest are essential for maintaining the integrity of research.

4. Challenges in Ethical Research:

- Emerging Technologies: New technologies such as AI, gene editing, and big data raise unique ethical concerns related to privacy, data security, and unintended consequences.
- Cultural Sensitivity: Conducting research across diverse cultures requires careful consideration of cultural norms, values, and power dynamics.
- Publication Bias: Ethical considerations extend to the dissemination of research. The publication bias, where only positive or significant results are published, can distort the overall body of knowledge.

5. Strategies for Promoting Ethical Research:

- Ethics Education: Institutions should provide comprehensive ethics training to researchers, fostering an understanding of ethical principles and dilemmas.
- Ethics Review Boards: Establishing independent review boards that evaluate research proposals for ethical compliance helps maintain objectivity and rigor in research.
- Transparency and Open Science: Sharing research protocols, data, and negative results enhances transparency and reduces the likelihood of ethical breaches.

6. Conclusion: Ethical research practices are the bedrock of responsible and credible scientific inquiry. By upholding ethical principles, researchers contribute to the betterment of society while safeguarding the rights and well-being of participants. As the research landscape continues to evolve, the commitment to ethical considerations remains a cornerstone of responsible research conduct.

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party') as

WHEREAS:

- A) First Party is a Higher Educational Institution named: SUMATHI REDDY INSTITUTE OF TECHNOLOGY FOR WOMEN, ANANTHASAGAR, HASANPARTHY, WARANGAL.
First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- B) The Parties intent to cooperate and focus their efforts on cooperation within area of Project Development, Skill Based Training, Education and Research.
- C) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
- D) EGATE TUTOR EDU SERVICES, #302, 2-2-1118/A/3, SRI SAI LAKSHMI RESIDENCY, NEW NALLAKUNTA, HYDERABAD 500044, INDIA, the Second Party is engaged in Technical publications, Courses, Skill Development and Training, Online Education and Software product development Services.

CLAUSE 1 : CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The terms of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall

represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 : SCOPE OF THE MoU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 Industrial Training: Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The First Party will provide its Labs / Workshops for the hands-on training of the learners enrolled with the First Party.
- 2.3 Skill Development Programs: Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.4 Guest Lectures: Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements.
- 2.5 Placement of Trained Students: Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs and will facilitate placements for the students. The Second Party will itself absorb the DESERVING trained students.
- 2.6 Faculty Development Programs: Second Party to train the faculties of First Party for imparting industrial exposure /training as per the industrial requirement considering the National Occupational Standards in concerned sector ,if available.
- 2.7 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.8 There is no financial commitment on the part of the SUMATHI REDDY INSTITUTE OF TECHNOLOGY FOR WOMEN, Ananthasagar, HASANPARTHY, WARANGAL, TELANGANA, the

First Party to take up any program mentioned in the MOU. If there is any financial consideration, it will deal separately.

CLAUSE 3 : INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4 : VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period SUMATHI REDDY INSTITUTE OF TECHNOLOGY FOR WOMEN, ANANTHSAGAR, WARANGAL, TELANGANA, the First Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of EGATE TUTOR EDU SERVICES, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

CLAUSE 5 : RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that SUMATHI REDDY INSTITUTE OF TECHNOLOGY FOR WOMEN, ANANTHSAGAR, WARANGAL, TELANGANA and EGATE TUTOR EDU SERVICES are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party.

Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Any divergence or difference derived from the interpretation or application of the MOU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at Warangal. This undertaking is to be construed in accordance with the MOU with exclusive jurisdiction in the Courts of Warangal.

Qualitative Research Insights

Date: 21/09/2020-26/09/2020

Location: SRITW

Executive Summary: The Qualitative Research Insights workshop was conducted during 21/09/2020-26/09/2020 at SRITW. The workshop aimed to provide participants with a comprehensive understanding of qualitative research methods, their application in various fields, and the extraction of meaningful insights from qualitative data. The participants consisted of 38 individuals from diverse backgrounds, including academia, industry, and research.

Workshop Objectives:

1. To familiarize participants with the principles and importance of qualitative research.
2. To introduce various qualitative research methods and their appropriate applications.
3. To guide participants on effectively collecting, analyzing, and interpreting qualitative data.
4. To demonstrate the process of deriving actionable insights from qualitative research.

Workshop Highlights:

Session 1: Introduction to Qualitative Research The workshop began with an overview of qualitative research, highlighting its significance in exploring complex phenomena, understanding human behavior, and generating in-depth insights. Participants engaged in discussions about the differences between qualitative and quantitative research approaches and the situations where qualitative research is most suitable.

Session 2: Qualitative Research Methods This session delved into various qualitative research methods, including interviews, focus groups, ethnography, content analysis, and case studies. The facilitator provided real-world examples of each method's application and discussed their strengths and limitations. Participants actively participated in group activities, sharing their perspectives on when to use specific methods.

Session 3: Data Collection and Analysis During this session, participants learned about techniques for collecting qualitative data, such as open-ended questions, observations, and field notes. The facilitator also introduced various approaches to analyzing qualitative data, including thematic analysis, grounded theory, and narrative analysis. Practical exercises were conducted to help participants practice coding and identifying themes in sample data.

Session 4: Extracting Insights and Interpretation The final session focused on how to extract meaningful insights from qualitative research findings. Participants explored the importance of triangulation and member checking to enhance the credibility of their interpretations. The facilitator shared strategies for translating qualitative insights into actionable recommendations for decision-making.

Group Activities and Discussions: Throughout the workshop, participants engaged in group discussions, case study analyses, and hands-on activities. These activities encouraged the application of theoretical concepts to real-world scenarios, fostering a deeper understanding of the material.

Key Takeaways:

1. Understanding the strengths and limitations of qualitative research methods.
2. Learning how to design effective interview and focus group protocols.
3. Gaining practical experience in coding and analyzing qualitative data.
4. Recognizing the importance of context and reflexivity in qualitative research.
5. Developing skills to translate qualitative insights into actionable recommendations.

Feedback and Conclusion: The participants provided positive feedback, expressing their satisfaction with the depth of information presented and the interactive nature of the workshop. The facilitator successfully achieved the workshop objectives by providing a balanced blend of theoretical knowledge and practical exercises.

The Qualitative Research Insights workshop concluded with participants feeling empowered to apply qualitative research methods in their respective fields and confident in their ability to extract valuable insights from qualitative data. The workshop's success highlights the importance of continued learning and skill development in the realm of qualitative research.

Trademark Protection and Branding

Date: 07/01/2021

Venue: SRITW

Duration: One Day

Introduction: The one-day workshop on "Trademark Protection and Branding" was organized with the aim of providing participants with valuable insights into the significance of trademark protection and effective branding strategies. The event took place at SRITW, and it featured a diverse range of expert speakers and interactive sessions.

Workshop Objectives:

1. To understand the importance of trademarks in protecting intellectual property.
2. To explore the various aspects of branding and its impact on business success.
3. To provide practical knowledge and tips for trademark registration and brand building.

Agenda:

Session 1: Introduction to Trademarks and Intellectual Property (IP) The workshop began with an overview of trademarks and their role in safeguarding intellectual property. The speaker highlighted the legal framework surrounding trademarks and discussed the benefits of protecting one's brand through registration.

Session 2: Trademark Registration Process This session delved into the intricacies of the trademark registration process. The presenter explained the steps involved, from conducting a trademark search to submitting an application. Common challenges and best practices for a successful registration were also discussed.

Session 3: Trademark Infringement and Enforcement The workshop then shifted its focus to trademark infringement issues. The speaker shed light on identifying potential infringement, legal remedies available, and strategies for enforcing trademark rights. Real-world cases were presented to illustrate the importance of proactive protection.

Session 4: Building a Strong Brand Identity After a brief break, the workshop turned towards branding strategies. This session explored the elements of a strong brand identity, including logo design, brand messaging, and customer perception. Participants engaged in group discussions and case studies.

Session 5: Online Branding and Digital Marketing As online presence becomes increasingly crucial, this session covered effective branding in the digital realm. The speaker discussed strategies for utilizing social media, content marketing, and online advertising to enhance brand visibility and engagement.

Session 6: Interactive Workshop – Design Your Brand Participants were divided into groups and tasked with creating a hypothetical brand from scratch. They brainstormed ideas for brand names, logos, slogans, and marketing approaches. This hands-on exercise encouraged creativity and practical application of the concepts learned.

Session 7: Trademarks and International Business The final session explored trademark considerations in the context of international business expansion. Challenges related to cross-border trademark protection, cultural nuances, and global brand consistency were addressed.

Conclusion: The one-day workshop on Trademark Protection and Branding provided participants with a comprehensive understanding of the vital role trademarks play in securing intellectual property and establishing a strong brand identity. Attendees gained insights into the legal aspects of trademark protection, effective branding strategies, and the ever-evolving landscape of digital marketing. The interactive sessions and practical exercises added a practical dimension to the theoretical knowledge presented.

Ideation and Product Development: From Concept to Creation

Date: 28/12/2020

Location: SRITW

Abstract: This seminar report explores the critical processes of ideation and product development, highlighting their significance in fostering innovation and bringing ideas to fruition. The report delves into the stages of ideation, concept generation, feasibility analysis, prototype development, testing, and market introduction. Through case studies and real-world examples, it emphasizes the importance of a systematic approach to product development and the role of cross-functional teams in realizing successful products.

1. **Introduction:** Ideation is the creative process of generating, developing, and refining ideas, while product development is the structured pathway to transform those ideas into tangible products that address specific needs or problems. The synergy between ideation and product development is vital for driving innovation and achieving competitive advantage.

2. **Stages of Ideation:** Ideation involves several stages: a. **Problem Identification:** Recognizing a challenge or need in the market. b. **Idea Generation:** Brainstorming and collecting potential solutions. c. **Idea Screening:** Evaluating ideas based on feasibility, market demand, and alignment with the company's goals. d. **Concept Development:** Creating a detailed concept around the chosen idea.

3. **Concept to Creation:** Moving from concept to creation encompasses various steps: a. **Feasibility Analysis:** Assessing technical, economic, and operational feasibility. b. **Prototype Development:** Creating a functional prototype to validate the concept. c. **Testing and Iteration:** Collecting feedback, refining the prototype, and iterating. d. **Design for Manufacturing:** Optimizing the design for mass production. e. **Production:** Scaling up the manufacturing process. f. **Quality Control:** Ensuring product consistency and reliability. g. **Market Introduction:** Launching the product into the market.

4. **Case Studies:** a. **Apple iPhone:** The evolution of the iPhone showcases how ideation, iterative design, and product development have led to revolutionary advancements in mobile technology. b. **Tesla Electric Vehicles:** Tesla's approach to combining electric vehicles with cutting-edge technology demonstrates the significance of cross-disciplinary collaboration in product development. c. **Post-it Notes:** The accidental invention of Post-it Notes highlights the value of recognizing unexpected opportunities during ideation and adapting them into successful products.

5. **Cross-Functional Collaboration:** Successful product development requires collaboration between various disciplines such as design, engineering, marketing, and manufacturing. Effective communication and knowledge sharing among these teams are crucial for aligning goals and ensuring a holistic approach.

6. Challenges and Strategies: Challenges in ideation and product development include risk management, market unpredictability, and maintaining innovation. Strategies involve market research, rapid prototyping, agile methodologies, and embracing failure as a learning opportunity.

7. Conclusion: The seminar report concludes that the seamless integration of ideation and product development is fundamental for innovation and market success. By emphasizing systematic approaches, cross-functional collaboration, and adaptability, organizations can navigate challenges and create products that address real-world needs.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (the "MOU") is entered into on 15th day of December 2021 (the "Effective Date"), by and between:

Sorting Hat Technologies Private Limited, a private company incorporated under the provisions of the Companies Act, 2013 bearing CIN U72200KA2015PTC082063 and having its registered office at Maruti Infotech Centre, 3rd Floor, A-Block, Domlur, Koramangala Inner Ring Road, Bangalore- 560 071, Karnataka, India (here in after referred to as "**CodeChef**", which expression shall, unless repugnant to the meaning or context thereof, be deemed to include its legal representatives and permitted assigns) of the **FIRST PART**;

AND

Sumathi Reddy institute of Technology for women, with its campus at Ananathasagar, Warangal, hereinafter referred to as "**College**", which expression shall, unless repugnant to the meaning or context thereof, be deemed to include its legal representatives and permitted assigns) of the **SECOND PART**;

The CodeChef and the College shall thereafter, as the context may require, individually be referred to as a "**Party**" and collectively be referred to as the "**Parties**".

WHEREAS:

- i. The College is engaged in education to students across various domains.
- ii. The Parties wish to enter into a collaboration wherein CodeChef shall provide one-year free access to its platform, to the students and faculty of the College.
- iii. The College has represented and warranted to CodeChef that it has relevant authority, permit and licenses to fulfill its obligations under this MoU and based on the said representation and warranties, CodeChef has agreed to enter into this MoU with the College on a non-exclusive basis and the Parties have agreed to fulfill their obligations under this MoU.

NOW THEREFORE, in consideration of the mutual promises and covenants contained herein, the Parties agree as follows

1. The College shall enroll approximately 350 students with CodeChef.
 - a. The College shall share the student details in a timely basis and in one-go by sending CodeChef a spreadsheet containing student's account creation details such as - Name, Roll number (optional), email id, college name (preferred way of referring the college), and preferred pattern for creating their usernames on CodeChef.

- b. For those students whose accounts are already on CodeChef, the college shall share their existing CodeChef usernames as well in the spreadsheet.
 - c. By using the information in the spreadsheet, CodeChef shall create bulk account/profiles of students and share the same with the college.
2. CodeChef shall conduct an Orientation session for faculty and students of the College on a time mutually decided by both the parties.
3. The College shall review the program curriculum shared by CodeChef and map it to its existing semester/curriculum.
 - a. The program curriculum is given as Annexure 2 to this MOU.
 - b. In case of changes, CodeChef and College shall discuss and finalize the same before commencement of the program.
 - c. CodeChef shall organize meeting(s) with the faculty of the College to understand the curriculum in depth, and select problems per topic.
4. Periodic practice sessions & Assessment-based tests (for grading) shall be created by CodeChef for the students and shared regularly with the College. The program structure is given as Annexure 1 to this MOU.
5. Monthly report shall be sent to the College about the students' overall performance on CodeChef.
6. CodeChef has no liability whatsoever other than that of providing access to the platform for one year and creating practice & assessment-based tests.
7. College and CodeChef agree that the information shared during the term of this MoU is confidential in nature and shall not disclose it with any third-party without prior written consent.
8. College hereby agrees to indemnify and save harmless CodeChef including, where applicable, its affiliates, directors, officers, employees and agents (each such party being an "Indemnified Party") harmless from and against and agree to be liable for any and all losses, claims, actions, suits, proceedings, damages, liabilities or expenses of whatever nature or kind, incurred by the Indemnified Party that arises out of:
 - a) breach of any of its obligations, covenants or representations and warranties under this Agreement; or
 - b) Violation of any applicable laws; or
 - c) Infringement of any third-party intellectual property rights;
9. This MoU shall be valid for a period of one year from Effective Date.

10. This MoU may be terminated at any time by either Party upon fifteen (15) days written notice to the other party.
11. This MoU shall be governed by the laws of India. The courts of India shall have exclusive jurisdiction.
12. In the event that the Parties desire to change, add, or otherwise modify any terms, they shall do so in writing to be signed by both parties.

The Parties agree to the terms and conditions set forth above as demonstrated by their signatures as follows:

- Components of cost of capital
 - Weighted Average Cost of Capital (WACC) calculation
6. Working Capital Management:
- Managing short-term assets and liabilities
 - Cash conversion cycle and its importance
7. Risk and Return:
- Relationship between risk and return
 - Portfolio diversification and the Capital Asset Pricing Model (CAPM)
8. Financial Planning and Forecasting:
- Long-term financial planning
 - Pro forma financial statements and forecasting techniques
9. Sources of Financing:
- Equity financing vs. debt financing
 - Internal and external sources of funds

Methodology: The workshop employed a combination of teaching methods to cater to different learning styles:

- **Lectures:** Expert speakers delivered lectures on each topic, providing theoretical explanations and real-world examples.
- **Case Studies:** Participants engaged in case study analyses to apply the concepts learned to practical scenarios.
- **Group Discussions:** Interactive group discussions encouraged participants to share their perspectives and insights on various financial management challenges.
- **Hands-on Exercises:** Practical exercises were conducted to reinforce the calculation and application of financial formulas.

Outcome: By the end of the workshop, participants gained a solid foundation in financial management. They were able to:

TELANGANA ACADEMY FOR SKILL AND KNOWLEDGE

(Department of ITE & C, Government of Telangana)

Dear *Principal*

Greetings from TASK!

TASK is a non-profit organization created by the Government of Telangana for bringing synergy among institutions (Government, Private), Industry & Academia with an objective of offering quality human resources and services to the industry.

We partner with colleges to create a conducive environment for growth through faculty development, research pilots and help colleges provide quality education for the leaders of tomorrow with focused systematic Programmes, which help corporates gain access to a pool of trained graduates for suitable roles.

Initiatives from TASK are majorly focused around the concept of Employability Quotient that includes three key skill dimensions, personal, technical and organizational skills.

We appreciate and acknowledge your contribution to the student society in the State. We also congratulate your leadership in making your college one of the top ranking institutions in the region and in the nation.

Hence, we invite you and your esteemed institution to be the part of this noble mission of preparing the students for employability, entrepreneurship and for higher education. TASK is the main interface between Institute and Industry through its various services in all the districts of Telangana, which are highly subsidized. These services are possible due to many MoUs that are signed between TASK (on behalf of the Government of Telangana) and the Industries.

We request you to register your college and your students under the category of star status so that all high end services are available at your door step.

In this regard the TASK team will approach you with all the details. Please extend your cooperation.

Thank you

Warm regards

Dr. V. K. Swamy

Global Perspective on International Intellectual Property Protection

Date: 26/03/2022

Location: SRITW

Introduction: The seminar titled "Global Perspective on International Intellectual Property (IP) Protection" aimed to explore the challenges and opportunities associated with safeguarding intellectual property rights across borders. Intellectual property, including patents, copyrights, trademarks, and trade secrets, plays a crucial role in fostering innovation, creativity, and economic growth. In an increasingly interconnected world, understanding how to protect these rights on a global scale is of paramount importance.

Session 1: Keynote Address - International IP Landscape The seminar began with a keynote address by Dr. K. Manoharan, a renowned expert in international intellectual property law. The speaker emphasized the dynamic nature of the global IP landscape and the need for harmonization of IP laws across countries to ensure effective protection. They discussed various international treaties, such as the TRIPS Agreement (Trade-Related Aspects of Intellectual Property Rights), WIPO (World Intellectual Property Organization) treaties, and bilateral trade agreements, as tools for fostering international cooperation in IP protection.

Session 2: Challenges in Cross-Border IP Protection This session delved into the challenges faced by businesses, creators, and governments when dealing with cross-border IP protection. Issues discussed included:

1. **Differing Legal Frameworks:** The disparity in IP laws and enforcement mechanisms among countries often poses challenges in obtaining consistent protection and enforcement of IP rights.
2. **Piracy and Counterfeiting:** The proliferation of counterfeit goods and piracy across borders raises concerns about the enforcement of IP rights in jurisdictions with weaker legal frameworks.
3. **Jurisdictional Issues:** Determining the appropriate jurisdiction for IP disputes in cases of online infringement and global supply chains can be complex and time-consuming.
4. **Cultural and Language Barriers:** Differences in cultural perspectives and languages can complicate communication and understanding in cross-border IP cases.

Session 3: Strategies for International IP Protection This session focused on strategies that individuals, businesses, and governments can employ to navigate the challenges of global IP protection:

Affiliated to JNTUH - Approved by AICTE

1. **IP Portfolio Management:** Developing a comprehensive IP portfolio and tailoring protection strategies based on the target markets can enhance IP rights' effectiveness.
2. **Leveraging International Treaties:** Understanding and utilizing international treaties and agreements can provide a framework for consistent IP protection across borders.
3. **Alternative Dispute Resolution:** Exploring mediation and arbitration options can offer efficient and cost-effective solutions for resolving cross-border IP disputes.
4. **Customs Enforcement:** Collaborating with customs authorities to identify and prevent the entry of counterfeit goods into a country can mitigate IP infringement risks.

Session 4: Emerging Technologies and IP Protection Advancements in technology, such as artificial intelligence, blockchain, and the digitalization of products, present both opportunities and challenges for IP protection. The discussion focused on:

1. **Digital Piracy and Online Counterfeiting:** The rise of online platforms has led to new forms of IP infringement, necessitating updated enforcement strategies and international cooperation.
2. **Blockchain for IP Management:** Blockchain's decentralized and tamper-proof nature can streamline IP registration, licensing, and enforcement processes.
3. **AI and IP Creation:** The intersection of AI and creativity raises questions about authorship and ownership of AI-generated content and inventions.

Session 5: Case Studies in International IP Protection Real-world case studies were presented to highlight successful and challenging instances of international IP protection. These cases demonstrated the application of legal strategies, negotiation tactics, and collaborative efforts to safeguard IP rights in a global context.

Conclusion: The seminar on the global perspective of international IP protection provided valuable insights into the complexities of protecting intellectual property across borders. Participants gained a deeper understanding of the challenges, strategies, and emerging trends in the field. As the world continues to become more interconnected, collaboration among nations, organizations, and legal experts remains crucial for establishing a robust framework that effectively safeguards intellectual property rights worldwide.

Newton school (MOU)

MEMORANDUM OF UNDERSTANDING

The following Memorandum of Understanding (MoU) was made on January 2022 to establish a new partnership between Newton School and Technical Club, Sumathi Reddy Institute of Technology for Women, Warangal for achieving various aims and objectives related to the development of both organizations.

Purpose:

Newton School and Technical Club, Sumathi Reddy Institute of Technology for Women, Warangal are desirous to enter the Memorandum of Understanding between them, setting out the working arrangements that each of the partners agrees on the following terms:

TC, SRITW Deliverables

1. They will be providing support for bringing in a number of registrations for the events conducted by Newton School for 5 months of the year.
2. They must publicize 3 coding contests and 2-3 workshops and 1 ISA event throughout this collaboration and twice a month.
3. The content to be posted on social media handles of TC, SRITW will be provided by Newton School. Additional content to be posted will be decided by the Student Chapters at their discretion.
4. All the goodies by Newton School will be presented in the name of Newton School while the winner is being announced.
5. The grand coding Contest will be mandatory to be promoted in January, other events dates will be flexible and decided with students as per the calendar of college.

Newton School Deliverables

1. Newton school agrees to sponsor 2 Events for a year (2 Individual events) with goodies.
2. For events with registrations
 - 500 and below: The sponsorship will comprise goodies like mugs, bottles, notebooks, pens, stickers.
3. Newton school also agrees to conduct TC, SRITW's coding contests on its portal and promotion on its discord free of cost [content to be provided by TC, SRITW]
4. The MOU can be upgraded in the future if any new feature is added from Newton School or if the society has shown exceptional work throughout the period.
5. Newton School also agrees to provide internship opportunities to your club event winners in the technical (starting- Rs 7000) and marketing (starting - Rs 6000) departments with proper screening and availability.

About the Workshop
The primary objectives of the workshop were:

- To understand the key components of a research proposal.
- To learn how to formulate clear research objectives and questions.
- To identify appropriate research methodologies and methods.
- To grasp the significance of literature review in proposal development.
- To comprehend the ethical considerations associated with research proposals.
- To receive hands-on experience in drafting and presenting a research proposal.

Research Proposal Development

Date: 5/09/2021-10/09/2021

Location: SRITW

1. Introduction:

The Research Proposal Development Workshop was conducted on 5/09/2021-10/09/2022 at SRITW. The workshop aimed to equip participants with the essential skills and knowledge required to develop effective research proposals for various academic and professional purposes. The facilitators, [Facilitator Names], guided participants through the process of creating well-structured, comprehensive, and compelling research proposals.

2. Workshop Objectives:

The primary objectives of the workshop were:

- To understand the key components of a research proposal.
- To learn how to formulate clear research objectives and questions.
- To identify appropriate research methodologies and methods.
- To grasp the significance of literature review in proposal development.
- To comprehend the ethical considerations associated with research proposals.
- To receive hands-on experience in drafting and presenting a research proposal.

3. Workshop Content:

The workshop was structured into several sessions, each focusing on a specific aspect of research proposal development:

- **Session 1: Introduction to Research Proposals**
 - Definition and purpose of research proposals.
 - Importance of clear communication and structuring.
- **Session 2: Identifying Research Gaps and Formulating Research Questions**
 - Strategies for identifying gaps in existing literature.
 - Crafting research questions that address the gaps effectively.

Rajini

Affiliated to JNTUH - Approved by AICTE

- **Session 3: Literature Review and Theoretical Framework**
 - Conducting a comprehensive literature review.
 - Developing a theoretical framework to guide the research.
- **Session 4: Research Methodology and Design**
 - Choosing appropriate research methodologies (qualitative, quantitative, mixed methods, etc.).
 - Designing research approaches, sampling techniques, and data collection methods.
- **Session 5: Ethical Considerations**
 - Understanding ethical guidelines and principles.
 - Addressing ethical concerns in research proposals.
- **Session 6: Writing and Presenting the Research Proposal**
 - Structuring the proposal: introduction, objectives, methodology, timeline, budget, etc.
 - Tips for effective proposal writing and presentation.

4. Participant Interaction:

The workshop fostered an interactive learning environment through various activities:

- Group discussions on research topics and potential gaps.
- Hands-on exercises for formulating research questions and designing methodologies.
- Peer review sessions for refining proposal content.
- Mock presentations to enhance proposal delivery skills.

5. Outcomes:

Participants gained valuable insights and skills from the workshop, including:

- Understanding the critical components of a well-developed research proposal.
- Improving the ability to identify research gaps and formulate research questions.
- Learning effective literature review techniques and theoretical framework development.

- Gaining awareness of ethical considerations in research proposal development.
- Enhancing proposal writing and presentation skills.

6. Conclusion:

The Research Proposal Development Workshop successfully achieved its objectives by providing participants with a comprehensive understanding of the research proposal development process. The knowledge and skills gained during the workshop will undoubtedly aid participants in creating impactful and persuasive research proposals for their future endeavors.

We extend our gratitude to the facilitators, participants, and organizers for contributing to the success of the workshop.

Effective Marketing and Branding

Date: 8/11/2021-13/11/2021

Venue: SRITW

Participants: 35

Introduction: The workshop on "Effective Marketing and Branding" was organized with the aim of providing participants with insights and strategies to enhance their understanding of marketing and branding techniques. The event brought together professionals from various industries, allowing for the exchange of ideas and experiences in the ever-evolving field of marketing.

Workshop Sessions:

1. **The Fundamentals of Marketing:** The workshop began with an overview of the key concepts in marketing. Participants were introduced to the 4Ps of marketing (Product, Price, Place, Promotion) and their significance in crafting a successful marketing strategy. The session emphasized the importance of understanding the target audience and creating value propositions that cater to their needs and desires.

2. **Building a Strong Brand Identity:** This session focused on the essential elements of branding. Participants learned about the significance of a strong brand identity, including the logo, colors, typography, and brand voice. Case studies were presented to illustrate how successful brands have effectively communicated their values and message through consistent branding.

3. **Digital Marketing and Online Presence:** With the increasing importance of digital platforms, this session explored various digital marketing channels such as social media, content marketing, email marketing, and search engine optimization. Participants were educated about the benefits of each channel and how to leverage them to reach a wider audience and engage potential customers.

4. **Storytelling in Marketing:** The power of storytelling in marketing was highlighted in this session. Participants learned how storytelling can create an emotional connection with customers, making the brand more relatable and memorable. Techniques to craft compelling brand stories that resonate with the audience were discussed, and participants were encouraged to develop their narratives.

5. **Data-Driven Marketing Strategies:** The workshop delved into the role of data in shaping effective marketing strategies. Participants were introduced to tools for gathering and analyzing consumer data, enabling them to make informed decisions about target audiences, content preferences, and campaign effectiveness. The session stressed the importance of continuous analysis and adaptation based on data insights.

6. Brand Consistency and Customer Loyalty: Maintaining brand consistency to build customer trust and loyalty was the focal point of this session. Participants explored how delivering consistent experiences across various touchpoints fosters a sense of reliability and credibility. Strategies to nurture long-term customer relationships were shared, including personalized communication and excellent post-purchase support.

Conclusion: The workshop on Effective Marketing and Branding proved to be a valuable learning experience for all participants. The various sessions provided practical insights and actionable strategies that can be applied to enhance marketing efforts and strengthen brand identities. The interactive nature of the workshop facilitated networking and knowledge sharing among professionals from diverse backgrounds.

INSTITUTE OF TECHNOLOGY FOR WOMEN

L e a r n i n g a t i t s b e s t

Affiliated to JNTUH - Approved by AICTE

No. 12 - First floor, Lakshmi Nagar,
Thottipalayam Pirivu, Avinashi road,
Coimbatore - 641 014

This Memorandum of Understanding (herein referred to as "MOU") is entered into on the 3rd Day of January 2022 BETWEEN **PROGRAD TALENT SOLUTIONS Private Limited**, a company incorporated under the Companies Act 2013, having CIN U80903TZ2021PTC037223 and with registered office at No.12, Lakshmi Nagar, Thotipalayam Pirivu, K R Palayam, Avinashi Road, Coimbatore-641014 (hereinafter referred to as ProGrad) represented herein by Ram Prakash Govindarajan, CEO.

And **Sumathi Reddy institute of Technology for women**, an educational institution located at Ananthasagar (hereinafter referred to as the 'Academic/University Partner') represented herein by SRITW.

ProGrad offers talent solutions to help global IT majors & emerging startups identify, evaluate, and upskill entry-level tech talent. We seek to partner with your esteemed institute to recruit talent (2023/2022 graduates) for lucrative and exciting software development positions in our industry partner organizations.

The roles and responsibilities/obligations of both parties are outlined below.

The Academic/University Partner agrees to perform the following functions:

- Provide ProGrad with suitable candidates (as per the requirements of the Industry Partners / Employers as intimated to ProGrad from time to time) for the final assessment by the Industry Partner / Employer.
- Ensure that the potential candidates receive fair and accurate information about the Industry Partner / Employer and their requirements.
- Provide ProGrad with any information about a potential candidate, the disclosure of which information may be considered relevant to the recruitment process or the Employer/Industry Partner.

- Communicate and coordinate between ProGrad and the potential candidate in fixing the venue, time or any other detail relating to the meetings between the ProGrad and the potential candidate.
- Assist ProGrad with the Coordination of acceptance of job offer by and between the potential candidate and the Industry Partner / Employer.
- Permit shortlisted students from their Academy / University to participate in training programs and internships during their final year
- Not permit candidates shortlisted for full-time roles/PPOs through ProGrad's recruitment drives to attend recruitment drives conducted by other companies

ProGrad agrees to perform the following functions:

- Provide the Academic/University Partner with a requirement brief with a clear and comprehensive description of the requirements and qualities the Industry Partner / Employer seeks in a potential candidate - this would include the description of the position for which recruitment is sought, specification of the qualifications, details about the employer, CTC bracket (fixed pay + variable pay) for every job role, etc
- Provide the Academic/University Partner with fair and accurate information about the Industry Partner / Employer relevant to the recruitment drives.
- Exercise care and caution in handling the information about the candidates provided by the Academic/University Partner - such that - no unauthorised use or misuse is made of the same.
- Provide training/virtual preparatory sessions to help candidates gear up for and ace recruitment processes facilitated by ProGrad's Industry partners
- Evaluate the candidates through a fair test or assessment based on the pre-defined parameters and coordinate with the Employer to extend a Conditional Offer/PPO/Internship/ Full-time offer (according to the CTC, Designation & Job Description agreed upon earlier) to all the candidates who clear the assessment/exit-test conducted.

Ethical Considerations in Intellectual Property Rights (IPR)

Date: 07/02/2022-12/02/2022

Location: SRITW

Introduction: The workshop on Ethical Considerations in Intellectual Property Rights (IPR) was conducted with the aim of fostering discussions and awareness about the ethical dimensions associated with intellectual property. The event brought together experts, scholars, practitioners, and students in the field of IPR to explore the complex interplay between legal protection, innovation, and ethical responsibility.

Key Themes Discussed:

- 1. Balancing Innovation and Accessibility:** The workshop commenced with an exploration of the tension between promoting innovation through strong IP protection and ensuring accessibility to essential goods and technologies, especially in sectors such as healthcare and education. Attendees engaged in discussions on the moral obligations of inventors and corporations to strike a balance that benefits both society and their own interests.
- 2. Biotechnology and Bioethics:** A prominent topic of discussion was the ethical quandaries emerging from advances in biotechnology. The ethical considerations around gene editing, patenting of genetic material, and the potential for biopiracy were deliberated upon. Participants emphasized the importance of addressing these challenges to prevent the exploitation of vulnerable communities and ensure responsible innovation.
- 3. Open Source and Collaborative Innovation:** The workshop delved into the dynamics of open-source initiatives and collaborative innovation models. The ethical implications of contributing to open-source projects and the responsibility of corporations to give back to the open-source community were explored. The consensus was that collaborative innovation should be encouraged to foster equitable access to technology and knowledge.
- 4. Cultural Appropriation and Traditional Knowledge:** Discussions also revolved around the ethical dimensions of appropriating traditional knowledge and cultural expressions. The need to respect and protect the intellectual property rights of indigenous communities and traditional knowledge holders was emphasized. Strategies to prevent cultural misappropriation while promoting cross-cultural exchange were suggested.
- 5. Ethical Enforcement of IP Rights:** The ethical considerations in enforcing intellectual property rights were analyzed, particularly in the context of patent trolls and aggressive litigation. Participants debated the ethical implications of strategic litigation that might hinder competition and stifle innovation, advocating for a balance between protecting rights and avoiding abuse.

Affiliated to JNTUH - Approved by AICTE

6. Education and Ethical IP Literacy: The workshop highlighted the importance of fostering ethical IP literacy among students, professionals, and the public. Promoting awareness about plagiarism, fair use, and respecting others' intellectual property rights emerged as essential components of a responsible innovation ecosystem.

Conclusion: The workshop on Ethical Considerations in Intellectual Property Rights provided a platform for diverse perspectives on the intricate relationship between legal protection, innovation, and ethics. Participants acknowledged the need for an ongoing dialogue to address the evolving ethical challenges in the realm of IPR. The consensus was that responsible innovation requires a delicate balance between promoting innovation and ensuring equitable access to knowledge and technology.

Pitching and Investment Readiness

Date: 12/09/2022-17/09/2022

Location: SRITW

Duration: 1 Week

The "Pitching and Investment Readiness" workshop was designed to equip participants with the necessary skills and knowledge to effectively pitch their business ideas to potential investors and to enhance their overall investment readiness. The workshop aimed to provide practical insights, tools, and strategies for crafting compelling pitches and preparing for successful investment opportunities.

Agenda:

1. Introduction to Pitching and Investment Readiness (1 hour):
 - Overview of the workshop objectives and agenda.
 - Importance of pitching and investment readiness in the entrepreneurial journey.
2. Understanding the Investor Perspective (1.5 hours):
 - Different types of investors (angel investors, venture capitalists, etc.).
 - What investors look for in startups: market potential, team, unique value proposition, scalability, etc.
 - Case studies of successful and unsuccessful pitches.
3. Crafting an Effective Pitch (2 hours):
 - Elements of a compelling pitch: problem statement, solution, market size, target audience, business model, competition, traction, financial projections, etc.
 - Pitch structure and storytelling techniques.
 - Group activity: Participants create and present a pitch for a fictional startup.
4. Perfecting the Pitch Delivery (1.5 hours):
 - Importance of confident and clear communication.
 - Tips for effective body language, voice modulation, and slide design.

- Practical exercise: Participants practice pitch delivery and receive constructive feedback.
5. Financial Literacy and Projections (2 hours):
- Understanding key financial concepts: revenue, expenses, profit, valuation, etc.
 - Creating financial projections: income statement, balance sheet, cash flow statement.
 - Workshop activity: Participants work on financial projections for their own startups.
6. Q&A with Investors (1 hour):
- Panel discussion with experienced investors.
 - Participants ask questions about investor expectations, due diligence, negotiation, and more.
7. Building an Investor-Ready Business (1.5 hours):
- Strengthening the business model and value proposition.
 - Developing a solid go-to-market strategy.
 - Mitigating risks and addressing potential investor concerns.
8. Mock Pitch Sessions and Feedback (2 hours):
- Participants present their refined pitches.
 - Peers and facilitators provide feedback for improvement.
9. Networking and Connecting with Investors (1 hour):
- Informal networking session.
 - Opportunities for participants to engage with potential investors.
10. Next Steps and Resources (1 hour):
- Suggested resources for ongoing learning.
 - Actionable steps for participants to continue refining their pitches and investment readiness.

Key Takeaways:

- Understanding investor perspectives and criteria is crucial for tailoring pitches effectively.
- A well-structured pitch should tell a compelling story, emphasizing the problem-solution fit and market potential.
- Clear communication and confident delivery enhance pitch effectiveness.
- Solid financial projections demonstrate business viability and growth potential.
- Ongoing refinement and practice are essential for successful pitching.

Conclusion: The "Pitching and Investment Readiness" workshop provided participants with a comprehensive understanding of pitching techniques, investor expectations, financial literacy, and practical skills for engaging with investors. By the end of the workshop, participants were better equipped to present their business ideas confidently and effectively to potential investors, enhancing their overall investment readiness.

ABOUT THE COLLEGE:

Sumathi Reddy Institute of Technology for Women, Hasanaparthi (M), Hanamkonda, Telangana was established in the year 2009 by the great educationalist Sri. A. Varada Reddy garu, Chairman of SR Educational Academy with a clear vision to Empower Women in the field of Science & Technology and transform them as innovators, Leaders and Entrepreneurs. The College is accredited by NBA and affiliated to JNTUH and approved by AICTE.

STRENGTHS OF THE COLLEGE

SRITW is the one & only Women's Engineering College in India which established NewGen Innovation Entrepreneurship Development Centre (NewGenIEDC), Sanctioned by NSTEDB, DST, Govt of India

SRITW is the first women engineering college in the region hosting a Technology Business Incubator(TBI) which is sponsored by MSME, Govt. of India under ASPIRE Scheme. All the B. Tech programs are accredited by NBA, approved by AICTE and affiliated to JNTU Hyderabad

SRITW is the Recipient of Dewang Mehta 'Education Leadership Award'. Courses offered by SRITW are B.Tech in CSE, CSE-AI&ML, CSE-DS, CSE-CS and ECE.

Collaborations of SRITW

- Amazon Web Service(AWS)
- CISCO Network Academy
- TASK(Telangana Academy for Skill & Knowledge)
- NETRA (National ESDM Technology Research Academy)
- AI Deep Learning-Leading India.AI
- NPTEL Swayam Local Chapter in association with IIT madras
- WE HUB
- IEEE(Institute of Electrical and Electronics Engineers)
- SRITW is committed to teaching excellence and providing high quality education to students, which brought laurels to the Institute.

Vision:

- To empower women in the field of Science & Technology and transform them as Innovators, Leaders and Entrepreneurs..

Mission:

- To create and nurture a unique learning environment for faculty and students by providing state of the art infrastructure.
- Foster a culture of innovation and entrepreneurial spirit among students and faculty.
- To promote industry interaction, avenue of research and employment opportunities.

Now, Atal Incubation Centre ALEAP We-Hub (supported by AIM, NITI Aayog, GOI) and **Sumathi Reddy Institute Of Technology for Women** desire to record the broad terms and conditions that are jointly accepted and agreed to in this Collaboration MOU as contained hereunder.

The two parties plan to co-operate & work together for mutual benefit in the following areas:

Services from AIC ALEAP We-Hub:

1. Bi-monthly one session on Entrepreneurship related topics – Online/offline – Conveyance to be borne by the Institute if Offline
2. Quarterly visit of 50 students to Incubation facilities with introductory presentation of ALEAP and AIC ALEAP WE HUB and interaction with a successful Entrepreneur
3. Visit as Judge/panel member on invitation – twice in a year. Conveyance to be borne by the Institute
4. Free access to participate in Hackathons conducted by ALEAP and its partners.
5. AIC ALEAP WE-HUB will extend support as a co-incubator/ collaborative partner wherever required for strengthening Institution's E-cell, TBI, iTBI, etc;
6. Guidance and support in writing proposals/ applications on consultancy fee as discussed and agreed upon on a case-to-case basis.
7. Pre-incubation Program will be offered at 25% discount to students and faculty.
8. Access to NASSCOM Future skills Prime portal and Wadhvani programs for registered students. Free registration
9. Access to free online webinars/ awareness programs on Exports, Digital marketing, Cyber security, IP rights, Finance Management, etc; as and when conducted
10. 25% discount to students and staff on Special practical oriented skill development programs which will be planned and conducted by ALEAP.
11. Exposure and promotion of student entrepreneurs in terms of network connections, mentor connects, MSME, Government and Private organizations, Corporates, Industries, Investors, Banks, etc;
12. Internship opportunities at our innovative startups – a good learning for the aspiring entrepreneurs to interact, be a part and learn about the startup journey
13. Selection of startups incubated at the Institution level for Incubation at AIC ALEAP WE-HUB and handholding for further scaling up and sustainability
14. Designing and conducting Faculty development programs and Industrial visits to the faculty for a focused approach towards entrepreneurship development
15. Offering certification courses for the students in the niche areas like Cyber security at discounted prices
16. Identifying and encouraging Faculty Entrepreneurs and handholding them to convert the idea into a sustainable business.
17. Introducing and shaping corporate innovations, planning and involving students

18. Value added certificate courses will be planned and conducted in collaboration with Institutional partners in various skills
19. Handholding the students and encouraging them to participate in programs like Shark Tank, etc; with their innovations
20. Free MoU with NIPER for co-incubation in Biotech and Pharma sectors.

Services from Sumathi Reddy Institute of Technology for Women

- Access to Information on research / education resources and academic know how
 - Access to Centre for Entrepreneurship Development/ TBI/Incubation Centre of the college
 - Technical support in projects related to science and management from senior faculty or experts
 - Access to Infrastructure of the college
 - Guidance for specific issues in terms of R&D, Product development etc. from the senior faculty or experts
 - Onboarding potential faculty who would be the mentors to support boot camps, Technology Readiness Level (TRL) activities for prototyping, guide startups on pro bono basis
 - To refer or depute faculty or Resource persons for specific programs as speakers.
- **Services on mutual basis:**
- Jointly organize awareness generation events on "Entrepreneurship Development" and Startup Hackathons, Workshops and Student Startup Training Programs
 - Provide support and participation in student/faculty-oriented events organized by each party
 - Networking for mutual benefit
 - Provide infrastructure in terms of space in conducting events with mutual support.
 - Recognizing the other party as a partner organization in selected events with mutual interest
 - Organize Product exhibitions at the Institutions to encourage marketing skill
 - Create and execute awards and certifications for best innovations

Terms and Conditions:

- Both parties will nominate a point of contact for relationship/engagement with the organization.
- Both parties will allow each other to use the name and logo as a Partner solely for the purpose of promoting the startup ecosystem.
- Both parties shall, from time to time, mutually agree a level of fees or contributions to be made when opting for any fee-based services.
- Final MoU will be signed as per the mutually agreed service and commercial terms and conditions.

Intellectual Property Rights (IPR) in the Digital Age

Date: 14/11/2022-19/11/2022

Location: SRITW

Introduction: The workshop on "Intellectual Property Rights (IPR) in the Digital Age" was organized to address the evolving challenges and opportunities surrounding intellectual property in the context of the rapidly advancing digital landscape. The workshop aimed to bring together experts, practitioners, and stakeholders to discuss key issues, share insights, and explore potential solutions to the complex IPR challenges posed by the digital age.

Sessions:

1. **Opening Session: Setting the Stage** The workshop began with an overview of the importance of intellectual property in the digital age. The speakers highlighted the transformative impact of digital technologies on various industries and the need for effective IPR frameworks to balance innovation and protection.
2. **Digital Content and Copyright Challenges** This session focused on the challenges arising from the easy replication and distribution of digital content. Speakers discussed issues related to online piracy, digital rights management, and the role of platforms in enforcing copyright protection. The importance of striking a balance between user rights and creator rights was emphasized.
3. **Data and Patents in the Digital Economy** The discussion revolved around the unique challenges posed by the digital economy in relation to patentable innovations and data-driven technologies. The speakers explored the intricacies of patenting software, algorithms, and business methods, as well as the implications of data ownership and protection.
4. **Trademark Protection in the Online Sphere** This session delved into the complexities of protecting trademarks in the digital realm. Speakers highlighted the challenges of domain name disputes, brand dilution, and the emergence of new gTLDs (generic top-level domains). The role of social media platforms in influencing brand perception was also discussed.
5. **Open Source and IPR** The workshop addressed the dynamics of open-source software and its relationship with intellectual property rights. The participants explored the benefits of open-source development, licensing models, and the potential clashes with proprietary software and traditional IPR frameworks.
6. **Enforcement Strategies and Legal Approaches** Experts shared insights into effective enforcement strategies and legal approaches to tackle IPR infringements in the digital age. This included discussions on cross-border enforcement, online counterfeiting, and the role of international treaties and agreements.

Key Takeaways:

[Home](#)

SUMATHI REDDY

INSTITUTE OF TECHNOLOGY FOR WOMEN

L e a r n i n g a t i t s b e s t

Affiliated to JNTUH - Approved by AICTE

1. **Balancing Innovation and Protection:** It was clear from the discussions that striking a balance between fostering innovation and protecting creators' rights remains a paramount concern in the digital age. Flexibility in IPR frameworks and adaptive regulations were highlighted as potential solutions.
2. **Collaboration and Education:** Stakeholders emphasized the importance of collaborative efforts between governments, industries, and academia to address IPR challenges. Public awareness and education about IPR were deemed crucial to mitigate infringement risks.
3. **Technological Solutions:** The workshop acknowledged the role of technology in both facilitating IPR enforcement and contributing to infringement. Blockchain and other emerging technologies were discussed as potential tools for secure and transparent intellectual property management.
4. **Global Harmonization:** Participants recognized the need for greater international cooperation and harmonization of IPR laws to effectively address cross-border digital challenges.

Conclusion: The "IPR in the Digital Age" workshop provided a platform for insightful discussions on the complex interplay between intellectual property rights and the digital revolution. It underscored the importance of adapting traditional IPR frameworks to suit the unique challenges posed by the digital landscape. The participants agreed that ongoing dialogue and collaboration among stakeholders will be crucial in shaping effective solutions for fostering innovation while safeguarding creators' rights in the digital era.

This Memorandum of Understanding ("MoU") is entered into and executed on this 16th June 2023.

By and between:

Data Security Council of India (DSCI), is a corporate body with CIN U74120DL2008NPL182363, having registered office at Plot No.62, Basement Pocket- 2, Jasola, New Delhi South Delhi having its offices at different places and **represented by the Cybersecurity Center of Excellence, Hyderabad**, having its office at CTRLS Data Centres, 4th Floor, Pioneer Towers, Inorbit Mall Road, Hi-tech City, Hyderabad, Telangana, 500081, India hereinafter referred to as "CCoE" which expression shall unless repugnant to the context or meaning thereof include its successors and permitted assignees and also referred as First Party,

And

Sumathi Reddy Institute of Technology for Women (SRITW), was established in the year 2009 by the great educationalist Sri A. Varada Reddy Garu with a clear vision to Empower women in the field of Science & Technology and transform them as Innovators, Leaders, and Entrepreneurs. Sumathi Reddy Institute of Technology for Women, a comprehensive and student centric college offering undergraduate programs with state-of-the-art infrastructure, sophisticated labs, amphitheater, conference room, standard sports facilities, smart classrooms, campus connected hostel, green campus, Abutting to National high way. SRITW is committed to excellence in teaching, research, and service.

The CCoE and SRITW shall be hereafter individually referred to as 'Party' and collectively as 'Parties'. This MoU is executed by its authorized representatives, respectively.

Whereas CCoE is a joint initiative of DSCI and the Government of Telangana. The CCoE endeavors to build sustainable cybersecurity and privacy industry development by creating a conducive cybersecurity ecosystem that nurtures innovation, entrepreneurship, and capability building. The CCoE is a hive of activity for organizations, departments, entrepreneurs, professionals, and students engaged in this domain. The CCoE aims to provide secure and resilient cyberspace to fulfill the needs of the digital economy and society by creating a GLOCAL cluster of Cybersecurity organizations in Telangana. The CCoE fosters incubation, innovation, expertise, and collaboration in the twin areas of Cybersecurity and Privacy. DSCI is a not-for-profit company registered under Section 25 of the Companies Act 1956 (now section 8 of Companies Act 2013) and is an industry body on data protection in India, set up by NASSCOM*, committed to making cyberspace safe, secure, and trusted by establishing best practices, standards, and initiatives in cyber security and privacy.

1. PURPOSE

The purpose of the MoU is to establish that CCoE and SRITW will jointly collaborate for the mutual benefit of both organizations. The areas of collaboration will be research, innovation, incubation, marketing, hackathons, corporate innovation, and training programs. The scope of each activity under the identified areas of collaboration along with Roles & Responsibilities, Timelines, and Financial Commitment will be discussed and decided separately through a formal approval/acceptance to that effect for the works/services has been accorded through signed documents by SRITW and DSCI prior to starting the work.

2. FINANCIAL ASPECTS

No financial commitment from any party will be assumed unless a formal approval/acceptance to that effect for the works/ services has been accorded through signed documents by SRITW and CCoE prior to starting of work.
All payments will be made through mutually accepted mode.

3. CONFIDENTIALITY AND NON-DISCLOSURE

Any software/hardware material, product specifications, designs, financials, information, documents shall be deemed to be in the private domain, and it shall not be made public or shared with any other party without the prior written consent of the party which owns it. The material shall be treated as confidential for a minimum period of two years after this MoU comes to an end or as agreed from time to time in writing.

In the event of any of the parties becoming legally compelled to disclose any confidential information, such party shall give sufficient notice to the other party to enable the other party to seek a timely protective order or any other as appropriate relief. If such order or other relief cannot be obtained, the party is required to make such a disclosure shall make the disclosure of the confidential information only to the extent that is legally required of it and no further.

4. TERM & TERMINATION

This MoU is valid for a period of 5 years from the date of signing of MoU. If further extensions are required, it shall be renewed by mutual consent of the parties in writing.

This MoU may be terminated by either party at any time by giving 10 days prior notice to the other party. Further, either party may also terminate this Agreement with immediate effect upon written notice to the other party if it reasonably believes that its performance, or any aspect of it, results, or might result in a breach or violation of any legal, regulatory, ethical or audit independence requirement in any jurisdiction.

5. DISPUTE RESOLUTION

Amicable Settlement: This MoU is based on the immediate benefits and on developing and enduring relationships serving and safeguarding the commercial interests as well as the standing of the parties. Hence the Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Memorandum of Understanding or interpretation thereof.

Dispute Settlement: If any Dispute is not resolved by mutual negotiations within the period of 30 days, then the dispute shall be referred to the arbitrator mutually appointed by both parties. The arbitral award shall be in writing and shall be final and binding on each Party. The Arbitration Proceedings shall be held at Hyderabad. The Arbitration Proceedings shall be in the English language only. The Arbitration and Conciliation Act, 1996 and the rules there under or any statutory modification or reenactment thereto or thereof for the time being in force will be applicable to the proceedings. The Courts in Hyderabad shall only have jurisdiction to try, entertain and decide the litigation arising out of the MoU, which is not covered within the ambit of Arbitration.

6. ASSIGNMENT AND TRANSFER

All rights, duties, and obligations of the parties under this MoU shall not be transferred or assigned by either party to any third party without the prior written consent of the other party.

7. NON-WAIVER

The failure or neglect by either of the Parties to enforce any of the terms of this MoU shall not be construed as a waiver of its rights preventing subsequent enforcement of such provision or recovery of damages for breach thereof.

8. SEVERABILITY

The invalidity or unenforceability of any provision of this MoU shall not affect the validity or enforceability of any other provision of this MoU that shall continue in full force and effect except for any such invalid and unenforceable provision.

9. MODIFICATION

No modification to this MoU will be effective unless agreed to in writing by both Parties and duly signed by the authorized signatories of the Parties.

10. NOTICES

All notices required or permitted to be given hereunder shall be in writing, shall refer to this MoU, and shall be delivered by hand, or dispatched by prepaid air courier or by registered or certified airmail, postage prepaid, addressed to the other Party's address as stipulated on the first page of this MoU.

The address for notices to the respective parties shall be:

For CCoE: Cybersecurity Centre of Excellence, DSCI, CTRLS Data Centres, 4th Floor, Pioneer Towers, Inorbit Mall Road, Hi-tech City, Hyderabad, Telangana, 500081	For SRITW: Ananthasagar, Hasanparthy, Warangal, Telangana 506371, India
--	---

11. COUNTERPARTS:

This MoU may be executed in two counterparts, and each counterpart shall constitute an original instrument, and both the counterparts together shall constitute the same instrument.

12. LIMITATION OF LIABILITY

In no event will SRITW or CCoE be liable to the other party for any incidental, consequential, special, and exemplary or direct or indirect damages, or for lost profits, lost revenues, or loss of business arising out of the subject matter of this MoU, regardless of the cause of action, even if the party has been advised of the likelihood of damages if it is unintentional and beyond reasonable control.

13. NO PARTNERSHIP

Nothing in this MoU shall be deemed to either constitute or create an association, trust, partnership, or joint venture between the Parties nor constitute either party the agent of the other party for any purpose.

14. HEADINGS

The headings shall not limit, alter, or affect the meaning of the Clauses headed by them and are solely for the purpose of easy reference.

15. ENTIRE AGREEMENT

This MoU constitutes the entire understanding between the parties. All written or oral agreements, representations, or understandings of any kind that may have been made prior to the date hereof shall be deemed to have been superseded by terms of this MoU.

16. GOVERNED BY THE LAW

This MoU shall be governed by the laws of India.

17. INDEMNIFICATION

Either party shall keep other party, its affiliates, shareholders, officers, directors, employees, agents, representatives, and customers indemnified and harmless from and against any and all costs, liabilities, losses, and expenses (including, but not limited to, reasonable fees of attorney arising out of any claim, suit, action or proceeding (each, an "Action"), for any act(s) and omissions of such party under any proposal(s) to Prospective client(s) or any resulting contract(s) there from or any incidental matter or in any way arising there from.

Certificate of Research Methodology Proficiency

Workshop Details:

- **Workshop Title:** Certificate of Research Methodology Proficiency
- **Date:** 09/01/2023-13/01/2023
- **Duration:** 1 Week
- **Location:** SRITW
- **Organizer:** Dept Of CSE, SRITW

Workshop Overview: The "Certificate of Research Methodology Proficiency" workshop was organized to provide participants with a comprehensive understanding of research methodologies and equip them with the necessary skills to design, conduct, and analyze research effectively. The workshop aimed to enhance the research capabilities of participants from various academic and professional backgrounds.

Workshop Objectives:

1. To familiarize participants with different research paradigms and methodologies.
2. To enable participants to formulate research questions and hypotheses.
3. To provide hands-on experience in data collection and analysis techniques.
4. To enhance participants' critical thinking and problem-solving skills in research.
5. To prepare participants for applying research methods to their academic or professional projects.

Workshop Highlights: The workshop spanned one week and covered a wide range of topics, including:

1. **Introduction to Research Methodology:**
 - Different research paradigms (quantitative, qualitative, mixed methods).
 - Ethical considerations in research.
 - Formulating research objectives and questions.

2. Research Design and Planning:

- Selecting appropriate research methods.
- Developing a research plan and timeline.
- Sampling techniques and sample size determination.

3. Data Collection Techniques:

- Surveys, interviews, focus groups, observations.
- Questionnaire design and validation.
- Case study methodology.

4. Data Analysis Methods:

- Quantitative data analysis using statistical tools (SPSS, Excel).
- Qualitative data analysis using thematic coding.
- Interpretation of research findings.

5. Reporting and Presenting Research:

- Structuring research reports.
- Creating visual representations of data.
- Effective presentation techniques.

Participant Engagement: The workshop encouraged active participation through a combination of lectures, group discussions, practical exercises, and case studies. Participants were provided with relevant reading materials and resources to supplement their learning.

Outcome and Achievements: By the end of the workshop, participants had gained a deep understanding of various research methodologies and demonstrated their ability to apply these methods in real-world scenarios. They were able to create and refine research questions, design research projects, collect and analyze data, and effectively communicate their findings.

Certificates: All participants who successfully completed the workshop were awarded a "Certificate of Research Methodology Proficiency" issued by [Organizer Name].

Feedback: Participant feedback was overwhelmingly positive, highlighting the practical nature of the workshop and the applicability of the skills learned. Many participants expressed their newfound confidence in conducting research and praised the expertise of the facilitators.

Conclusion: The "Certificate of Research Methodology Proficiency" workshop successfully achieved its objectives of equipping participants with research skills and methodologies. It played a pivotal role in enhancing participants' research capabilities and fostering a deeper understanding of the research process. The workshop is expected to contribute significantly to the participants' academic and professional pursuits by enabling them to undertake rigorous and meaningful research projects.

TELANGANA ACADEMY FOR SKILL AND KNOWLEDGE

(Department of ITE & C, Government of Telangana)

Dear *Principal*

Greetings from TASK!

TASK is a non-profit organization created by the Government of Telangana for bringing synergy among institutions (Government, Private), Industry & Academia with an objective of offering quality human resources and services to the industry.

We partner with colleges to create a conducive environment for growth through faculty development, research pilots and help colleges provide quality education for the leaders of tomorrow with focused systematic Programmes, which help corporates gain access to a pool of trained graduates for suitable roles.

Initiatives from TASK are majorly focused around the concept of Employability Quotient that includes three key skill dimensions, personal, technical and organizational skills.

We appreciate and acknowledge your contribution to the student society in the State. We also congratulate your leadership in making your college one of the top ranking institutions in the region and in the nation.

Hence, we invite you and your esteemed institution to be the part of this noble mission of preparing the students for employability, entrepreneurship and for higher education. TASK is the main interface between Institute and Industry through its various services in all the districts of Telangana, which are highly subsidized. These services are possible due to many MoUs that are signed between TASK (on behalf of the Government of Telangana) and the Industries.

We request you to register your college and your students under the category of star status so that all high end services are available at your door step.

In this regard the TASK team will approach you with all the details. Please extend your cooperation.

Thank you

Warm regards

Dr. V. K. Swamy

Visualization and Reporting

Date: 10/10/2022

Venue: SRITW

Duration: One Day

Introduction: Visualization and reporting play a crucial role in conveying information, insights, and data-driven decisions in various fields. In today's data-driven world, the ability to effectively communicate complex information through visualizations and reports is essential for professionals across industries. This seminar aims to explore the significance, methods, tools, and best practices of visualization and reporting.

Seminar Objectives:

1. To understand the importance of visualization and reporting in conveying information.
2. To explore different types of visualizations and their applications.
3. To introduce various tools and technologies for creating impactful visualizations and reports.
4. To discuss best practices for designing effective visualizations and reports.
5. To showcase real-world examples of successful visualization and reporting strategies.

Agenda:

Session 1: Introduction to Visualization and Reporting

- Definition and significance of visualization and reporting.
- Role in data analysis and decision-making.
- Historical perspective: Evolution of visualization techniques.

Session 2: Types of Visualizations

- Overview of different types of visualizations: charts, graphs, maps, infographics, dashboards, etc.
- When and how to use each type effectively.
- Case studies demonstrating the power of visual representation.

Session 3: Tools and Technologies for Visualization and Reporting

Rajaram

[Home](#)

SUMATHI REDDY

INSTITUTE OF TECHNOLOGY FOR WOMEN

L e a r n i n g a t i t s b e s t

Affiliated to JNTUH - Approved by AICTE

- Introduction to popular tools: Tableau, Power BI, Excel, Google Data Studio, etc.
- Comparison of features, capabilities, and target audiences.
- Live demonstration of creating visualizations using selected tools.

Session 4: Design Principles for Effective Visualization and Reporting

- Data visualization best practices: simplicity, clarity, accuracy, consistency.
- Choosing appropriate color schemes, fonts, and layouts.
- Avoiding common pitfalls and misinterpretations.

Session 5: Case Studies and Real-world Examples

- Showcasing successful visualization and reporting examples from different industries.
- Highlighting the impact of clear communication on decision-making.

Conclusion: The seminar on Visualization and Reporting provided participants with a comprehensive understanding of the role, methods, and tools associated with effective data visualization and reporting. By emphasizing the importance of clear communication, the seminar equipped attendees with the skills needed to present data-driven insights in a compelling and understandable manner. As technology continues to advance, the ability to create meaningful visualizations and reports will remain a critical skill across industries.

GENERAL TERMS AND CONDITIONS

1. DEFINITIONS

1.1. Except to the extent expressly provided otherwise, in this Agreement:

"Account" means an account enabling a person to access and use the Hosted Services, including both administrator accounts and user accounts;

"Agreement" means this agreement including any Schedules, and any amendments to this Agreement from time to time;

"Business Day" means any weekday other than Saturday, Sunday, a bank or public holiday in India;

"Business Hours" means the hours of 10:00 to 18:00 IST on a Business Day;

"Charges" means such amounts as may be agreed in writing by the parties from time to time; and

"Confidential Information" means with respect to a Party, any and all proprietary information (including trade secrets) of the disclosing Party and/or of third parties in the possession of the disclosing Party, treated as confidential and/or proprietary by the disclosing Party and with respect to Provider shall include all information regarding the Hosted Services and the Documentation.

"Documentation" means the documentation for the Hosted Services produced by the Provider and delivered or made available by the Provider to the Customer;

"Effective Date" means the date of execution of this Agreement;

"Parties" has the meaning as set out in the introductory paragraph;

"Force Majeure Event" means an event, or a series of related events, that is outside the reasonable control of the party affected (including failures of the Internet or any public telecommunications network, hacker attacks, denial of service attacks, virus or other malicious software attacks or infections, power failures, industrial disputes affecting any third party, changes to the law, disasters, explosions, fires, floods, riots, terrorist attacks and wars);

"Hosted Services" means services provided through "superset" platform, as specified in the Hosted Services Specification which will be made available by the Provider to the Customer as a service via the Internet in accordance with this Agreement;

"Hosted Services Specification" means the specification for the Platform and Hosted Services set out in Part 1 of Schedule 1 (Hosted Services particulars) and in the Documentation;

"Intellectual Property Rights" means all intellectual property rights wherever in the world, whether registrable or unregistrable, registered or unregistered, including any application or right of application for such rights (and these "intellectual property rights" include copyright and related rights, database rights, confidential information, trade secrets, know-how, business names, trade names, trade-marks, service marks, passing off rights, unfair competition rights, patents, petty patents, utility models, semi-conductor topography rights and rights in designs);

"Maintenance Services" means the general maintenance of the Platform and Hosted Services, and the application of Updates and Upgrades;

"Permitted Use" means providing improved recruitment and hiring services for the benefit of Customer.

"Platform" means the platform managed by the Provider and used by the Provider to provide the Hosted Services, including the application and database software for the Hosted Services, the system and server software used to provide the Hosted Services, and the computer hardware on which that application, database, system and server software is installed;

"Schedule" means any schedule attached to main body of this Agreement;

"Services" means any services that the Provider provides to the Customer, or has an obligation to provide to the Customer, under this Agreement;

"Support Services" means support in relation to the use of, and the identification and resolution of errors in, the Hosted Services, but shall not include the provision of training services;

"Date of Activation" means the date on which the Provider creates an Account for the Customer and communicates to the Customer login details for that Account

"Update" means a hotfix, patch or minor version update to any Platform software; and

"Upgrade" means a major version upgrade of any Platform software.

2. TERM

2.1 This Agreement shall come into force on [17/07/2023] and shall be valid until [16/07/2024] unless terminated in accordance with this GTC.

3. HOSTED SERVICES

3.1 The Provider shall create an Account for the Customer and shall provide to the Customer login details for that Account on the Date of Activation.

3.2 The Provider hereby grants to the Customer a worldwide, non-exclusive license to use the Hosted Services for the Permitted Use.

3.3 The materials on the Platform and Hosted Services are provided "as is".

3.4 The Customer shall not:

- (a) sub-license its right to access and use the Hosted Services;
- (b) permit any unauthorised person to access or use the Hosted Services;
- (c) use the Hosted Services to provide services to third parties;
- (d) republish or redistribute any content or material from the Hosted Services; and
- (e) make any alteration to the Platform, except as permitted by the Documentation.

3.5 For the avoidance of doubt, downtime caused directly or indirectly by any of the following shall not be considered a breach of this Agreement:

- (a) a Force Majeure Event;
- (b) a fault or failure of the internet or any public telecommunications network;
- (c) a fault or failure of the Customer's computer systems or networks;
- (d) any breach by the Customer of this Agreement; or
- (e) scheduled maintenance carried out in accordance with this Agreement.

3.6 The Customer must not use the Hosted Services:

- (a) in any way that is unlawful, illegal, fraudulent or harmful; or
- (b) in connection with any unlawful, illegal, fraudulent or harmful purpose or activity.
- (c) to access the source code of the Platform

3.7 The Provider may suspend the provision of the Hosted Services if any amount due to be paid by the Customer to the Provider under this Agreement is overdue, and the Provider has given to the Customer at least 10 days' written notice, following the amount becoming overdue, of its intention to suspend the Hosted Services on this basis.

3.8 Unless expressly prohibited in writing or electronically by the Customer, Customer agrees that Provider can use Customer's brand identity, organization or company name and mention Customer's usage of the Hosted Services in press releases, interviews, promotional materials, sales sheets, presentations, websites and other self-promotional channels.

4. MAINTENANCE AND SUPPORT SERVICES

4.1 The Provider shall where practicable give to the Customer at least 12 Business Hours prior written notice of scheduled Maintenance Services or an Update that are likely to affect the availability of the Hosted Services or are likely to have a material negative impact upon the Hosted Services, without prejudice to the Provider's other notice obligations under this main body of this Agreement.

4.2 The Provider may suspend the provision of the Maintenance Services if any amount due to be paid by the Customer to the Provider under this Agreement is overdue, and the Provider has given to the Customer at least 5 days' written notice, following the amount becoming overdue, of its intention to suspend the Maintenance Services on this basis.

4.3 In accordance with mutually agreeable terms and conditions, the Provider shall make available to the Customer a helpdesk in accordance with the provisions of this main body of this Agreement.

4.4 The Provider may suspend the provision of the Support Services if any amount due to be paid by the Customer to the Provider under this Agreement is overdue, and the Provider has given to the Customer at least 5 days' written notice, following the amount becoming overdue, of its intention to suspend the Support Services on this basis.

5. NO ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS

- 5.1 Nothing in this Agreement shall operate to assign or transfer any Intellectual Property Rights from the Provider to the Customer, or from the Customer to the Provider. The Hosted Services and the Platform belong exclusively to the Provider and the Customer acknowledges that it does not get any ownership rights in the same pursuant to this Agreement.

6. CHARGES, TAXES AND PAYMENT TERMS

- 6.1 The Charges are one time, non-refundable payment for the right to use the Hosted Services for the term of this Agreement.
- 6.2 The payment of the Charges will be due and payable in the manner as set out in Part 3 of Schedule 1 (Hosted Services particulars).

7. CONFIDENTIALITY

- 7.1 The Customer undertakes to hold any Confidential Information of Provider, including but not limited to commercials of the Hosted Services and feature sets-proprietary or otherwise of the Hosted Services, in confidence and shall not publish, disclose or disseminate, at any time, to any person; or use for any purpose any Confidential Information other than for such purposes as is required to perform the Agreement.
- 7.2 Both Parties shall disclose Confidential Information of the disclosing Party only to its employees and consultants on a "need to know basis", for the performance of this Agreement and provided that such employees and consultants are bound by confidentiality obligations which, if not more stringent, are similar to the obligations contained in this Agreement. Further, the receiving Party shall be held solely responsible and liable for any breach of this Section by its employees and consultants and such breach shall be deemed to be a breach committed by such Party under the terms of this Agreement.

8. LIMITATION OF LIABILITY

- 8.1 The maximum liability of the Provider and its affiliates arising out of, or relating to this agreement, whether based upon warranty, contract, tort, or otherwise, shall not exceed the consideration paid by the Customer.

- 8.2 In no event shall the Provider, its affiliates (including its subsidiary companies), its Providers or any of their respective directors, officers, employees or agents be liable for any indirect, special, exemplary, incidental, consequential, punitive or tort damages resulting from loss of use, loss of data, loss of profits or loss of business arising out of or in connection with this agreement, whether based on breach of contract, tort (including negligence), product liability or otherwise, even if the customer or their representatives have been advised of the possibility of such damages, including without limitation any such damages arising out of or in connection with the customer's use of the Hosted Services / documentation or the performance of the Hosted Services / documentation
- 8.3 Provider is solely acting in its capacity as a provider of the Hosted Services under this agreement and shall not be responsible or liable for any actions undertaken by Customer with respect to the services.

9. GOVERNING LAW AND JURISDICTION

- 9.1 This Agreement shall be governed and construed in accordance with the law of India.
- 9.2 The courts of Bangalore, Karnataka will have exclusive jurisdiction over all matters connected with this Agreement.

10. FORCE MAJEURE EVENT

- 10.1 If a Force Majeure Event gives rise to a failure or delay in either party performing any obligation under this Agreement (other than any obligation to make a payment), that obligation will be suspended for the duration of the Force Majeure Event.
- 10.2 A party that becomes aware of a Force Majeure Event which gives rise to, or which is likely to give rise to, any failure or delay in that party performing any obligation under this Agreement, must:
- promptly notify the other; and
 - inform the other of the period for which it is estimated that such failure or delay will continue
 - A party whose performance of its obligations under this Agreement is affected by a Force Majeure Event must take reasonable steps to mitigate the effects of the Force Majeure Event.

11. TERMINATION

- 11.1 The right to use the Hosted Services as set out under this Agreement is subject to the satisfaction of the payment of Charges in accordance with the payment terms as set out in Clause 9 above.
- 11.2 The customer reserves the right to terminate the agreement from his side with a notice of three months, if the customer is not satisfied with the use, operation and maintenance of the Hosted

Services for the purpose it is intended for or in the event of any failure/shortfall in the service as agreed.

11.3 Upon termination of this Agreement.

- (a) The Customer's right to use the Hosted Services shall cease on the effective date of termination;
- (b) Provisions of this Agreement capable of survival upon termination of this Agreement shall survive the termination of this Agreement including the following (Confidentiality), (Limitation of Liability) (Governing Law and Jurisdiction) and (Representations).

12. REPRESENTATIONS

12.1 Each Party represents to the other Parties as follows:

- (a) they have the authority and are lawfully entitled to enter into this Agreement;
- (b) they are not under any disability, restriction or prohibition which shall prevent them from performing or adhering to any of their obligations under this Agreement; and
- (c) they shall comply with all Applicable Laws in the performance of this Agreement.
- (d) It will not cause or permit anything which may damage or endanger the Intellectual Property Rights of Provider

13. GENERAL PROVISIONS

- 13.1 **Entire Agreement:** This Agreement shall constitute the entire agreement between the Parties hereto relating to the subject matter thereof, and there are no oral statements, representations, warranties, undertakings or agreements between the Parties except as provided herein. This Agreement may not be amended or modified in any respect except by written instrument signed by the Parties hereto.
- 13.2 **Assignment:** Except as expressly set forth in this Agreement the Customer shall not assign this Agreement including, without limitation, their rights, either whole, or in part, without the prior written consent of Provider.
- 13.3 **Waiver:** No waiver by any Party of any breach of this Agreement shall be a waiver of any preceding or succeeding breach. No waiver by any Party of any right under this Agreement shall be construed as a waiver of any other right.
- 13.4 **Severability:** Each provision of this Agreement is severable. If any provision is held unenforceable by a court or arbitrator of competent jurisdiction, such ruling shall not impair any other provision that remains intelligible and all other provisions shall continue in effect.
- 13.5 **Relationship:** The Parties hereby expressly agree that each Party shall not be deemed either directly or indirectly to be the employer, agent, partner, joint venture partner or franchiser of the other or of the associates, representatives of the other Parties and this Agreement has been executed expressly and solely on a principal to principal arrangement.

Research Mindset Cultivation Workshop

Date: 2/1/2023-7/1/2023

Location: SRITW

Objective: The objective of the "Research Mindset Cultivation Workshop" was to equip participants with the essential skills and attitudes required to develop a strong research mindset. The workshop aimed to help attendees understand the significance of critical thinking, curiosity, and perseverance in the research process, and to provide them with practical strategies to foster these qualities.

Agenda:

1. Introduction to Research Mindset
2. Components of a Research Mindset
3. Developing Critical Thinking Skills
4. Cultivating Curiosity in Research
5. Overcoming Challenges and Perseverance
6. Interactive Activities and Group Discussions
7. Q&A Session
8. Conclusion and Wrap-Up

Key Highlights:

1. **Introduction to Research Mindset:** The workshop began with an overview of what a research mindset entails. Participants were introduced to the concept of approaching problems with curiosity and an analytical mindset, which are foundational to effective research.
2. **Components of a Research Mindset:** The facilitator discussed the key components of a research mindset, including critical thinking, curiosity, open-mindedness, attention to detail, and resilience. Real-world examples were provided to highlight the importance of each component.
3. **Developing Critical Thinking Skills:** A significant portion of the workshop was dedicated to developing critical thinking skills. Participants engaged in exercises that challenged them to analyze information from different perspectives, identify biases, and assess the credibility of sources.

Affiliated to JNTUH - Approved by AICTE

4. **Cultivating Curiosity in Research:** Strategies for fostering curiosity were explored, such as asking open-ended questions, seeking diverse viewpoints, and embracing uncertainty. The facilitator emphasized that curiosity is the driving force behind meaningful research and innovation.
5. **Overcoming Challenges and Perseverance:** Attendees learned about the inevitable challenges researchers face and strategies for overcoming obstacles. The importance of resilience, adaptability, and maintaining a growth mindset was underscored through case studies and personal anecdotes.
6. **Interactive Activities and Group Discussions:** Interactive activities were integrated throughout the workshop to encourage active participation. Group discussions allowed participants to share their thoughts, experiences, and insights on the various aspects of cultivating a research mindset.
7. **Q&A Session:** A question-and-answer session enabled participants to seek clarification on specific topics and address any queries they had regarding developing a research mindset.
8. **Conclusion and Wrap-Up:** The workshop concluded with a recap of key takeaways and actionable steps for attendees to apply the principles of a research mindset in their academic and professional pursuits.

Participant Feedback: Participants expressed satisfaction with the workshop's content and delivery. They highlighted the interactive nature of the workshop, which allowed them to engage with the material actively. Several attendees mentioned that the strategies shared were practical and applicable, and they felt inspired to adopt a more research-oriented approach in their work.

Conclusion: The "Research Mindset Cultivation Workshop" successfully achieved its objective of fostering a deeper understanding of the research mindset and equipping participants with the skills needed to embrace critical thinking, curiosity, and perseverance. The interactive format and practical strategies offered valuable insights, leaving attendees motivated to integrate these principles into their research endeavors. The workshop served as a stepping stone for participants to develop a strong foundation for effective research practices.

MEMORANDUM OF UNDERSTANDING (MOU)

This Memorandum of Understanding is being entered into on this day 11th March 2023 by and between:

Centre for Entrepreneurship Development (CED), an Undertaking of **Association of Lady Entrepreneurs of India (ALEAP-INDIA)** was setup in 1997, a pioneering institute in the field of Entrepreneurship Development, registered under Societies Registration Act and supported by the State, Central Governments and quasi government bodies like Corporations ,PSB's etc. CED is an ISO 1995-2015 certified, awardee of "Responsible Indian BMOs" (1st Prize was given at the national level to CED, organised by the foundation of MSME clusters).

CED provides Seamless service for promoting Entrepreneurship movement with a belief that entrepreneurs need not necessarily born, but they can be trained and developed through well conceived and well directed intervention. To achieve its objective, CED is maintaining linkages with a wide network of industrial promotional organizations, NGOs, and other institutions committed to Entrepreneurship Development.

CED's Vision: Is to be the premier international centre of excellence in entrepreneurship that facilitates, supports, and promotes the creation of start-ups.

CED's mission is to contribute to the Economic development through enterprise creation and promotion and also is involved in Community development programme.

Through these camps & training Programmes, about **19,000** women and youth were trained and around **52%** of the trained have either set up their own business ventures or Employed with their skills.

Represented by:

Mrs. K. Rama Devi, President, CED & ALEAP

Sumathi Reddy Institute of Technology for Women, Hasanparthy, Warangal was established in the year 2009 by the great educationalist Sri. A. Varada Reddy garu, Chairman of SR Educational Academy with a clear vision to Empower Women in the field of Science & Technology and transform them as innovators, Leaders and Entrepreneurs. The College accredited by NBA in the year 2020 for CSE and ECE groups. The college is affiliated to JNTUH, Hyderabad.

SRITW is the one & only Women's Engineering College in India which established NewGen Innovation Entrepreneurship Development Centre(NewGenIEDC), Sanctioned by NSTEDB, DST, Govt of India

STRENGTHS OF THE COLLEGE

SRITW is the one & only Women's Engineering College in India which established NewGen Innovation Entrepreneurship Development Centre (NewGenIEDC), Sanctioned by NSTEDB, DST, Govt of India

SRITW is the first women engineering college in the region hosting a Technology Business Incubator(TBI) which is sponsored by MSME, Govt. of India under ASPIRE Scheme.

All the B. Tech programs are accredited by NBA, approved by AICTE and affiliated to JNTU Hyderabad

SRITW is the Recipient of Dewang Mehta 'Education Leadership Award'

Collaborations of SRITW

- Amazon Web Service(AWS)
- CISCO Network Academy
- TASK(Telangana Academy for Skill & Knowledge)
- NETRA (National ESDM Technology Research Academy)
- AI Deep Learning-Leading India.AI
- NPTEL Swayam Local Chapter in association with IIT madras
- WE HUB
- IEEE(Institute of Electrical and Electronics Engineers)
- SRITW is committed to teaching excellence and providing high quality education to students, which brought laurels to the Institute.

Objective of the MOU

The objective of the MOU is to build Industry-Academia linkage by sharing the knowledge and experience and there by bridging the gap between academic and industry requirements.

Whereas

- A. The first party M/s CED (Centre for entrepreneurship Development) was established to train, motivate, research and handhold perspective entrepreneurs.
- B. The second party approached the first party to conduct and organise entrepreneurship development programmes for the academic year 2023 - 2024.
- C. The first party has agreed to conduct and organise workshops, EACs, EDPs, ToTs, Industrial tours and Project Internship programmes for B.Tech. students at mutually decided by both parties for the academic year 2023 - 2024 as a part of industry academia interface and interactive session as and when conducted by CED.
- D. The first party agreed to facilitate, as per the terms and conditions mutually agreed upon, to support the ED cell at **Sumathi Reddy Institute of Technology for Women, Hasanparthy, Warangal** to create awareness about entrepreneurship, handholding support in setting up off their start ups, access to govt. schemes and formalities.
- E. The second party has agreed to access the incubation facilities that have been available at ALEAP Industrial Estate, Kukatpally and Dr. A. P. J. Abdul Kalam Green industrial Park at Gaddiannaram, Patancheru Mandal
- F. The second party has agreed to support in developing the course content for different entrepreneurship programme(s), in faculty support when required, through CED staff on digital platform, free of cost.

Period of validity

The duration of the MoU will be a period of one year from the date of signing the MoU.

It is mutually understood and agreed by and between the parties that:

- A. **Modification:** Modification within the scope of the agreement shall be made by mutual consent of the parties, by the issuance of a written modification, signed and dated by all the parties, prior to any changes being performed.
- B. **Information ownership:** All information provided by CED shall only be utilised for the promotion of entrepreneurship development in the country.

- C. **Termination:** Any of the parties inviting may terminate the agreement in whole or in part at any time before the date of expiration with a notice of 15 days, without detriment to ongoing programme.
- D. **Participation in similar activities:** This agreement in no way restricts CED from participating in similar activities with other public, private agencies, organisations and individuals. Likewise, this agreement does not restrict **Sumathi Reddy Institute of Technology for Women, Hasanparthy, Warangal** from participating in similar activities with other public, private agencies, organization and individuals.
- E. **Commencement/Expiration date:** This agreement valid for conducting training programme as indicated in the proposal. The period can be further extended by mutual MoU of three parties.
- F. **Authorised representative:** By signing below, the individuals signed in this document as representative of CED and **Sumathi Reddy Institute of Technology for Women, Hasanparthy, Warangal** are authorised to act in their respective areas for matters related to this MoU.
- G. **Establishment of responsibilities:** This MoU is intended to, and does not create any right, benefit or trust responsibility, substantive or procedural, enforceable at law, by a party against CED.
- H. **Arbitration:** It is agreed by all the parties that any difference of dispute in this connection shall be referred to Sole Arbitrator to be nominated by all the parties under the provisions of Arbitration and Conciliation Act 1996 and the award so given by the Arbitrator will be wholly binding on all the parties.
- I. **Jurisdiction:** Subject to the courts of Warangal & Hyderabad.
- J. **Liability:** Both the parties shall be jointly and severally liable to comply and fulfil all the obligations in this MoU.
- K. **Fairness and good faith:** The parties undertake to act in good faith with respect to each other's right under this MoU and to adapt all reasonable measures to ensure the realisations of the objectives of this MoU.
- L. **Force Majeure:** In the event of non-fulfilment of the contract terms and conditions due to any reason of force majeure namely Fires, Wars, Riots, Strikes, natural calamities, changes in the State and Central government directives etc., neither the Centre for Entrepreneurship Development, a unit of ALEAP, Sumathi Reddy Institute of Technology for Women, Hasanparthy, Warangal shall be held responsible for any non implementation of the clauses of the MoU and any loss or consequential loss.

Emerging Trends in IP: Technology and the Future

Date: 6/2/2023

Location: SRITW

Introduction:

The one-day seminar on "Emerging Trends in IP: Technology and the Future" brought together experts, scholars, and professionals from various fields to discuss the dynamic intersection of intellectual property (IP) and technology. The rapid advancements in technology are reshaping the landscape of IP law and practice, and this seminar aimed to provide insights into the evolving trends and their implications for the future.

Keynote Address:

The seminar commenced with a keynote address by [Keynote Speaker's Name], an eminent expert in IP law. The speaker highlighted how emerging technologies like artificial intelligence, blockchain, and biotechnology are challenging traditional IP frameworks. They emphasized the need for adaptive regulations to balance innovation and protection, fostering a culture of responsible technological development.

Session 1: Technological Disruption and IP:

The first session delved into the ways in which disruptive technologies are reshaping IP landscapes. Experts from diverse industries presented case studies showcasing how industries like entertainment, pharmaceuticals, and manufacturing are adapting to new realities. Discussions ranged from copyright concerns in AI-generated content to patentability of gene-editing technologies.

Session 2: Digital Transformation and Copyright:

This session explored the complex relationship between digital transformation and copyright law. Experts discussed issues surrounding digital content creation, distribution, and consumption. The impact of user-generated content platforms on traditional copyright norms was a focal point, along with potential solutions to balance creator rights and user freedoms.

Lunch Break:

Participants had the opportunity to network and engage in informal discussions during the lunch break.

Session 3: Patent Challenges in the Tech Era:

The third session revolved around patent challenges arising from technological advancements. Speakers addressed topics such as software patents, standard essential patents, and the patentability of AI-generated inventions. The discussions underscored the need for clarity and adaptability in patent law to foster innovation while preventing abuse.

Session 4: Data Privacy, Security, and IP:

The afternoon commenced with a session on the intersection of data privacy, security, and intellectual property. Experts shared insights into the intricacies of protecting IP while navigating data privacy regulations. The emergence of data-driven business models and concerns about data breaches prompted discussions on safeguarding IP assets in an increasingly connected world.

Session 5: Future Trends and Policy Considerations:

The final session looked ahead to future trends in IP and policy considerations. Panelists discussed potential challenges, including the global nature of technology and the need for international harmonization of IP standards. Ethical considerations in emerging fields like biotechnology and AI also found their place in the conversation.

Conclusion:

The one-day seminar on "Emerging Trends in IP: Technology and the Future" provided a comprehensive overview of the challenges and opportunities brought about by the intersection of technology and intellectual property. Attendees gained valuable insights into the evolving landscape of IP law, as well as the need for adaptive policies to accommodate rapid technological advancements. As the future unfolds, it is clear that fostering innovation while protecting intellectual property rights will require ongoing collaboration and a deep understanding of the intricate relationship between technology and the law.
